## House Sends 14 Bills To Senate Peacefully

### Development Considered

## Big Iron Ore Deposit Located in Missouri

NEW YORK (AP)—St. Joseph Lead Co. has discovered a "major iron ore deposit" 40 miles north of Bonne Terre, Mo., Andrew Fletcher, president, said today.

The company is considering a 50-50 deal with Bethlehem Steel Corp. to develop the property, Fletcher said.

"We have known about iron ore deposits there for several years," he declared, "and recent drilling has been favorable."

The ore find is described at length in the St. Joseph Lead Co. annual report which is being prepared for mailing to stockholders, Fletcher said. He quoted from the report as follows:

"Three centers of iron ore deposition have been discovered about 40 mile northwest of Bonne Terre, Mo., as the result of an airborne magnetometer survey in 1951 and subsequent exploration work. One of these known locally as the Pea Ridge deposit has been drilled sufficiently to indicate the probability of a very large tonnage of commercial grade iron ore at a depth between 1,400 and 3,000 feet below the surface.

"The other two bodies in the same general area have been drilled less extensively but are considered as of definite interest."

"In February, 1957, Bethlehem Steel approached us with a proposal to form a joint 50-50 company to exploit the Pea Ridge deposit."

ACCRA, Ghana (AP)—The Negro nation of Ghana came into being today against a background of African paganism and a call from its Prime Minister for total liberation of colonial Africa.

The red, gold and green flag of Ghana was run up in midnight ceremonies, replacing the British Union Jack and signifying formally the establishment of the first Negro nation in the British Commonwealth.

Mighty roars of "Freedom! Freedom!" rose from thousands of throats. Brilliant fireworks exploded against the sky and talking drums carried along the word of independence.

"We are no more slaves," Prime Minister Kwame Nkrumah told a throng of 50,000 assembled at Accra's polo grounds. "Move about with your chest out."

The new nation—the size of Minnesota with nearly five million Africans—supplies half the world's cocoa and has rich resources of gold, diamonds, bauxite and timber.

The 48-year-old Prime Minister said the independence for Ghana would mean nothing if it was not linked with total liberation of other colonial areas on the African continent.

Vice President Nixon and the representatives of countries around the world attended the transfer ceremonies. The Duchess of Kent, Queen Elizabeth's aunt, and Lord Privy Seal Richard A. Butler represented Britain.

In Washington, President Eisenhower congratulated the government and people of Ghana and the State Department announced U.S. recognition of the new African state.

The new country takes in the self-governing colony of the Gold Coast and that part of Togoland formerly administered by Britain under U.N. trusteeship. The name Ghana was chosen by Nkrumah after a rich African kingdom that flourished in the area between the 6th and 10th centuries.

### Six Youngsters Admit Fectel Firm Robbery

Six boys ranging in ages of 13 to 17 years old were picked up Wednesday morning by the police and admitted participating in the robbery of the Fectel Sales Co., 204 South Montgomery, Sunday evening.

The boys took \$118.08 in cash and two cases of beer, besides drinking four bottles while in the place of business.

Bob Eugene Cornelius, 17, of 411 North Hurley, was booked for investigation of burglary and larceny, and is being held in the city jail.

The other five boys, all younger, were held for further questioning by Cecil Glenn, juvenile officer.

"Under the suggested arrangement St. Joe would take the major responsibility of operating the mine and Bethlehem would supply the major financing x x x."

"We are actively studying this interesting proposal on the basis of an annual output of 2 million tons."

"Five years of construction and mine preparation would probably be necessary for such a large scale enterprise before reaching the production stage. The value of St. Joe and to Missouri of another large scale center of mining near the spot where we have worked for 93 years is obvious."

### Rep. Jones Submits Bill Requesting Four-Man Control

JEFFERSON CITY (MPA)—Rep. A. Clifford Jones, Republican, St. Louis County, this morning in the House of Representatives introduced a bill that would place the Missouri State Fair under a bi-partisan board.

Jones' bill provides that a four-man state fair board be set up, members to be appointed by the governor, and no more than two could be from one political party. The present system is under control of the state commissioner of agriculture who is appointed by the governor.

Jones said he had "consistent complaints" that state fair employees now need political endorsement to work at the fair. He said he also had numerous complaints about curtailment of exhibits in recent years at the fair.

"If left authority in a bi-partisan board," Jones said, "I feel that we can build the state fair up to national prominence and increase attendance, participation and exhibits."

Jones is the Republican floor leader in the house and he added "a bi-partisan board could put the state fair 'back in proper favor and would show off the state of Missouri to the best advantage."

"It's childish to play politics with something that benefits the whole state," he said.

### Six Inch Snow Falls In Southeast Wyoming

CHEYENNE, Wyo. (AP)—Southeastern Wyoming today started digging from under a six-inch carpet of snow that fell across the plains last night, halting traffic north, west and south from here.

Morning temperatures ranged from zero at Casper to 2-above at Cheyenne and Laramie.

The storm moved into northwest Kansas this morning and the Weather Bureau said it was expected to hold to an easterly movement.

## Have Debates On Only Two; Close Results

### Driver License Law Changes Draw Fire But Win Approval

JEFFERSON CITY (AP)—The Missouri House was in a passing mood today. It sent 14 bills to the Senate after having arguments on only two of them.

One of the two was designed to make more strict Missouri's driver license law but one of its toughest sections had been deleted earlier.

As it passed the House it would permit municipal judges to suspend licenses for up to 30 days on the first conviction for careless and reckless driving. It would let magistrates suspend licenses for no more than a year.

It also would make it possible to jail a driver for up to 6 months if he drove while his license was suspended or revoked. He also could be fined up to \$500 and his previous suspension or revocation could be doubled in length of time.

But a section was eliminated earlier by which the director of revenue could order the examination of a driver's ability if he was believed mentally or physically incapacitated to operate a motor vehicle.

House members who carved that section out said they wanted to protect the driving privilege for older persons who aren't as capable as they were when they were younger.

The other bill that fanned a little argumentative fire was one to allow the county court or county council in Jackson and St. Louis counties to levy a tax of up to 10 cents on each \$100 valuation, instead of 3 cents, to construct and maintain county parks and recreation areas.

Sponsors said they doubted if the full amount would be levied and opponents said that was a good reason why it shouldn't be allowed. Those two bills passed on comparatively close votes but the other dozen sailed through on lopsided votes. Some of them unanimously.

They included bills to: Extend aid to dependent children up to the age of 18, instead of 16, provided the youngsters attend school.

### Chairmen Give Reports

## C of C Board Hears Report on Elevator

The Chamber of Commerce regular board meeting was held Tuesday afternoon at the Chamber board room, at which time Del Heckart, first vice-president, told of the plans to construct a grain elevator at Sedalia by the MFA Central Cooperative.

This elevator, he went on to say, will be very valuable to this community as he had information to indicate that a large part of the grain production of Pettis County is marketed outside of the county. He pointed out that this

works a hardship on the farmers to haul their grain over longer distances to the market and also takes business outside the county that should rightfully belong here.

The Chamber of Commerce always welcomes new industries, and the board expressed the wish for success to the MFA Central Cooperative in the undertaking of this big project.

Mike Giokaris, director of the industrial development division, then told of the Junior Chamber of Commerce bringing to Sedalia the Jaycee state headquarters.

Giokaris praised the local Jaycees on the job they had done and said that his division was always actively competing with other communities for industries. These young men, he said, worked long and hard to accomplish this and did the job with always positive thinking. Their campaign was well-planned and even when it looked as though they had terrific competition they never let down, and he felt the Chamber of Commerce could use a lot of just such campaigns. He suggested that resolutions on the good work of the Jaycees be sent by the Chamber to the Junior Chamber.

Del Heckart, who presided in the absence of Vernon Rodick, president, pointed out that two of those young men active in the campaign were on the Chamber of Commerce board, J. L. Van Wagner, Jr., second vice-president and Jack Faber, secretary manager. Also, many Junior Chamber members are also active members of the Chamber.

Wes Murphy, director of the Recreation and Education Division, announced that Education-Business Day will be held Tuesday, March 12, when members of the Chamber will be given the opportunity of visiting the schools.

A bill is coming up in the state (Please turn to page 6, column 6)

### Snow Is Predicted For North Missouri

KANSAS CITY (AP)—Snow is headed for Missouri. Southwestern Kansas had snow up to four inches this morning and the storm is moving eastward. As a result, the weatherman predicts snow in northern Missouri and rain or snow in the south tonight. There will be occasional rain in the southeast Thursday.

Along with the precipitation will come colder weather with lows to night in the 20s in the northwest and the 30s southeast.

For the next five days ahead the forecast is for temperatures 6 to 10 degrees below normal.

## Sedalia Man Found Dead Beside Tracks

### Sent On Delivery Monday Afternoon, Never Returned

Steve Gravitt, 51, 313 East Cooper, was struck and killed by a Missouri Pacific passenger train sometime between 6:30 p. m. Monday and early Tuesday afternoon while walking along the tracks at Cole Junction, just west of Jefferson City.

Why Gravitt was that far east of Sedalia has not been determined. Gravitt, an employee for Al's Drug, 104 West Main, since last Sunday, had been sent on a prescription delivery to 425 East Saline about 2 p. m. Monday. He was not heard from again until about 6:30 that evening when he made a call from Centertown to Al's Drug, saying the jeep he was using for deliveries was stalled.

When asked by Al Gloss, the drug firm owner, what he was doing in Centertown, Gravitt replied he was trying to make the delivery. Gloss then told him to ride a bus back to Sedalia and the jeep would be picked up later. However, Gravitt did not return to Sedalia.

He was found dead beside the tracks about 3:30 p. m. Tuesday and was taken to Jefferson City. After being viewed by the Cole County coroner, Cletus Klob, the body was returned to Sedalia in an Alexander ambulance.

Gravitt reportedly had been receiving medical attention for his nerves.

He was born in Sedalia, son of the late Clarence and Melinda Gravitt and attended public school here. He was employed for a number of years as truck driver for Dan Doty Moving and Storage Company.

He is survived by his wife, Gertrude of the home; a brother, George Gravitt, St. Louis; an aunt, Mrs. Laura Goodwin, Sedalia; an uncle, C. E. Ireland, Sedalia, and a sister-in-law, Mrs. Emmaline Brown, Des Moines, Iowa.

The body is at the Alexander Funeral Home.

## Israeli Troops Begin Moving Out of Gaza Strip and Gulf

BATTLES FOR HIS LIFE—Polio victim Robert Thorne, 24, lies in an iron lung at Memphis after being transferred from a defective artificial respirator. For eight hours after his own iron lung failed, a volunteer squad kept him alive by manually operating iron lungs until one of four was found in satisfactory working condition. Here, Thorne's wife bites her lip as a Doctor said the third iron lung was not working. (NEA Telephoto)

### Group Has Busy Day

## Missouri House Passes Bill On State Money Investment

JEFFERSON CITY (AP)—Yesterday was a busy time in the Missouri House.

The full House passed and sent to the governor a bill telling the state treasurer how to invest idle state money. Sponsors rejected a half dozen efforts to make changes in the bill which has the support of the State Bankers Assn.—the fellows who have to pay the interest on the state's time deposits now.

Opponents tried to make it possible for the interest to be increased as time goes on and tried to tighten the restrictions but supporters rejected all amendments one by one during a three-hour argument.

At the end opponents said House members would regret their action for a long time.

The bill now goes to the governor. It permits the treasurer to put the bulk of the surplus on a 30-day time deposit in banks with interest now about 1 per cent. An additional amount can be invested in U. S. government securities on which the interest currently is a little over 3 per cent but it fluctuates sharply.

The House Public Safety Committee took only a few minutes to approve a Senate-passed bill tightening the state's regulation of nursing homes, to make sure they are sanitary and safe for the incapacitated and aged patients they care for.

It is an effort to prevent any recurrence of the fire at the Katie Jane Nursing Home at Warren-ton Feb. 17 that took 72 lives.

Sponsors said it is not a complete solution but is a step toward the goal Missouri hopes to attain. Other committees: Heard arguments on a bill which would ban milk price wars by setting a minimum price based on production costs for an area of 30 miles around local dairy companies. No action was taken on the bill.

Approved a bill barring discrimination in state employment on account of race, creed or color. Arguments on this one had been heard earlier.

Approved one requiring industrial inspection of telephone company plants.

Plans for B-E Day have been made by the Rev. A. J. Bruns-wick, of Sacred Heart; the Rev. J. T. Nolan, of St. Patrick's School, and Dr. Heber U. Hunt, superintendent of the public schools of Sedalia.

### Premier Will Stay

JERUSALEM (AP)—Two motions of nonconfidence in the government of Premier David Ben-Gurion were overwhelmingly defeated today. The votes were 84-25 and 114-6.

### INSIDE

Most of us have heard tales about what causes gout, but its real cause can be nerves. Read about it on Page 4 in Hal Boyle's column.

Have you ever wondered about the amount of cheating that goes on in college? Read about it on Page 14.

## Arab Disturbances Interrupt Materials Flow Temporarily

JERUSALEM (AP)—Israel began moving out of the Gaza Strip and the Aqaba Gulf area today.

Premier David Ben-Gurion crushed parliamentary opposition to the pullout, winning overwhelming votes of confidence. He said there will be peace "if the United States and other powers will keep their promises to us."

Arab disturbances and in Israeli suspicion that the U. N. Emergency Force planned to restore Egyptian administrators in Gaza interrupted the flow of material from the strategic area for a few hours.

Authoritative reports said the pullout was resumed this afternoon.

The Israeli army announced an Arab civilian and an Israeli soldier were killed and two Israeli soldiers were wounded during an outbreak of sniping and attempted looting.

Ben-Gurion slashed at Egypt's President Nasser in his speech before Parliament preliminary to the votes that overwhelmed his foes—the nationalist Herut, the Communists and the conservative General Zionists.

"If the United States and other powers will keep their word to us, there will be peace," Ben-Gurion said. "If they will not keep their promise and if they shrink before the Egyptian dictator's threats that he will not allow Israeli shipping in the Aqaba Gulf, there will be no peace."

Parliament batted down a series of antigovernment motions. A Herut nonconfidence motion lost 84-25. A Communist motion went down 114-6.

A third motion condemning "the government's withdrawal from its Gaza and Aqaba decision" was defeated 85-24.

Ben-Gurion had reiterated that Israel rejects the Egyptian-Israeli armistice of 1949 as the basis for the future status of the Gaza Strip. He held the armistice is null and void on the ground Egypt violated it by continued belligerency.

The Gaza Strip was under Egyptian control from 1949 until Israel seized the 26-mile-long district last November. Most of the population consists of Palestinian refugees who are fed by the United Nations.

At one point today Israeli officials said they had suspended the withdrawal because Arabs were looting Gaza stores of the U. N. Works and Relief Agency. The complaint against "Egyptian administrators" developed later.

### Be Prepared

Those robins had better wax their skis, 'cause the weatherman says snow is on the way.

Mostly cloudy and colder to night and Thursday with occasional light snow tonight; low tonight near 25, high Thursday near 35.

The temperature at 7 a. m. 28, 44 at 1 p. m. and 43 at 2 p. m. Low Tuesday night 28.

The temperature one year ago today, high 81, low 55; two years ago, high 42, low 21, with .01 inch of moisture; and three years ago, high 52, low 23.

Stage at Lake of the Ozarks 49.9, down .1.

## Warrensburg Voters Okay City Manager

### Two Major Bond Issues Approved In Other Areas

KANSAS CITY (AP)—Two major bond proposals were approved by heavy margins in special elections in Missouri yesterday. A number of the smaller ones went down in defeat.

At Warrensburg the voters approved the city manager form of government in an unofficial canvass. The vote was 736 to 584. The council will officially adopt an ordinance for the new form of government and set April 2 for an election to name five new councilmen.

Voters at Morehouse adopted by a lopsided 554 to 45 margin a \$100,000 bond issue for additional school units.

A bond issue for \$1,600,000 to construct a steam turbine generating plant at Sikeston passed 789 to 294 with four-sevenths needed for passage.

A \$1,250,000 bond proposal to finance a new junior high school and purchase of additional school sites was approved 1,985 to 724 by the Center School District in Jackson County.

A proposal to issue \$160,000 in bonds for the expansion of an elementary school building at Butler was turned down. The vote was 510 in favor and 371 against, short of the necessary two-thirds majority.

For the second time in a month the voters of Reorganized District 3 of Audrain County rejected an \$85,000 bond proposal to build a new elementary school. The vote was 104 to 85, with two-thirds majority required.

Macon voters approved \$74 to 103 a \$595,000 revenue bond proposal to acquire and operate a municipal natural gas system.

The school district centered at Walker approved a \$70,000 bond issue for the construction of a new elementary building at Walker. The vote was 320 to 101.

## Grader Strikes Power Pole, Cuts Electricity

The area in northwest Sedalia, Broadway north to the city limits between Moniteau and Warren, suffered about a 20-minute power failure Tuesday afternoon. The power was cut off through an accident when a city street grader struck a power pole and caused highlines to short out.

It was about 1:20 p. m. when the grader was on a grade and stopped. The emergency brake had been set, but suddenly released and the heavy machinery rolled against the pole. As it struck the pole, it caused the highlines to flip in the air, together and created a short circuit.

The short immediately caused the breaker at the power plant to open the circuit, cutting off electricity to that section of the city. It took linemen about 20 minutes to run a check in the circuits in the area and as soon as the wires were untangled, the breaker was reset and electricity resumed on the lines.

Only slight damage resulted.

## Kennedy Proposes Party 'Reappraisal' For Comebacks in '60

NEW YORK (AP)—Sen. John E. Kennedy (D-Mass.) today proposed a "penetrating reappraisal" of the Democratic party.

He called for "new ideas, new politics and new faces" to help it stage a comeback in the 1960 presidential election.

Kennedy, writing in Life magazine, predicted Vice President Richard M. Nixon would be the Republican candidate for president in 1960 and said he would be "a tough, skillful, shrewd opponent."

## They Begin Army Service

MARCH DRAFTS—These three Pettis County boys heard a South Central Stages bus at Union Depot Tuesday morning to go to Kansas City to be sworn into the Army. From there, the draftees will be taken to Ft. Leonard Wood for basic training. They are, left to right: Glen J. Hedgpeth, Houstonia; John R. Mosby, Route 3, Sedalia; and Norman S. Merion, Knab Nester.

## Calls for Cuts Greet Report Backing Aid

WASHINGTON — Congressional calls for foreign aid cuts greeted today a presidential commission's recommendation that the assistance program be continued at its current spending rate.

The seven-member commission headed by steel executive Benjamin F. Fairless proposed that the program be changed, however, to include more loans and fewer direct grants, to spur more private development, and to permit longer range planning of projects.

It expressed hope spending eventually can be cut, but added, "The United States must resolve to stay the course, and must abandon the false hope that collective security costs are temporary."

The report was made public at the White House yesterday. President Eisenhower, who named the citizens' advisory group five months ago to make the study, will consider the recommendations in drawing up his own foreign aid message to Congress.

Initial comment from Congress members praised some sections of the report and criticized others. Sen. Mansfield (D-Mont.) said he thought the commission "set its sights on the yearly level of aid too high," but expressed satisfaction at the "emphasis on loans, rather than grants."

Sen. Bridges (R-NH) said he was disappointed the group "apparently feels that foreign aid, in sizable amounts, must be continued into the indefinite future." Rep. Robert C. Byrd (D-W.Va.) agreed.

But Rep. Vorys (R-Ohio) said, "The report shows that when intelligent, practical men who are used to responsibility take time to study our foreign assistance programs, they realize the vital necessity of maintaining our collective security."

Mansfield and Bridges were joined by Senators Sparkman (D-Ala.), Carlson (R-Kan.) and Hodge (R-Ind.) in expressing hope the spending figures can be cut.

## Not Enough Power

FRESNO, Calif. — When Mrs. Katie Kinzel returned home she heard someone inside. She armed herself with a broom; waited at the back door. When a strange youth walked out, she "hit him a good one on the head." He fled before she could swing again. Later she found her house ransacked and a wristwatch stolen.

## Rare Plant Damaged

SAN FRANCISCO — Golden Gate Park botanical experts are aghast at the sight of their prize rhododendron almost destroyed by vandals. Chief Nurseryman Jack Spring said the plant — a rare falconeria — would take 5 to 10 years to recover, if it does at all.

## Rope Walker Falls

LOS ANGELES — A circus tightrope walker, Miss Virginia Lee Trendall, has just taken her most serious fall. She admitted today she has fallen for Freddie Hart, a cowboy singer. They took out a marriage license and announced they would be wed next Sunday.

Improviser LINDEN, N. J. — A patrolman used a bone instead of a club to restore the peace.

Officer Fred Heiss had received complaints of a howling dog. Finding the animal's owner away for the night, he went to a nearby diner and got a hambone.

He drew the hambone and fired it over the fence to the animal. Silence prevailed.

## Signs of the Times

FORT WORTH, Tex. — "It's all because of safety and electric razors," barber O. T. Jeter mourned as he put away his straight-edge razors and hung up a "no shave" sign. Jeter said he had been barbering 27 years and remembers when shaves cost 15 cents and made up half his business, but—"It's just too easy for a man to shave himself these days."

## New Orleans Quiet After Mardi Gras

NEW ORLEANS — Solemn New Orleans flocked to churches today and overworked street cleaners put the final touches on a mammoth cleanup project.

The 40-day Lenten season was under way after a Mardi Gras celebration that even heavy mid-afternoon rains left undampened. In the wake of the holiday were three homicides and streets cluttered with debris from hundreds of parade floats, sidewalk lunches and floating beer and cocktail parties.

Most of the city turned out early yesterday for the big event that climaxed two months of revelry. Balls and parties began the Twelfth Night after Christmas; street parades began Feb. 24.

The final fling was uproarious. Thousands upon thousands of visitors and natives turned out masked and costumed to represent almost every person, place and thing imaginable. They milled over several hundred blocks in the heart of the city.

Vehicular traffic halted most of the day in the area.

August During, 26-year-old engineering student at Tulane University, was shot fatally by a Negro after the two bumped while walking on a sidewalk. Police said Joseph Oliver Jenkins, 25, admitted the shooting. He was charged with murder.

A woman identified as Mrs. Blanche Moore, about 43, was shot to death during a fight and argument in a barroom. Police held the woman's husband Arvest Moore, 41, and a woman, Gladys Colman, 41, for investigation.

An unidentified Negro was stabbed to death among a crowd of 325 at a dance.

## Electronic Road Guide

LOS ANGELES — Motor traffic jams may be averted in the future by electronic devices that advise drivers of road conditions ahead. H. A. Radzikowski of the U.S. Bureau of Public Roads, said a tone radio system could be installed along highways to warn cars of accidents ahead and guide drivers through fog.

## Studies Move For Federal School Aid

CHICAGO — The Association for Higher Education, representing some 16,000 college and university presidents and faculty members, took up today a resolution proposing that the federal government take part in a program of scholarships for able and needy college students.

Little opposition was expected at the association's national conference, but another proposal affecting American parents' pocketbooks was considered likely to produce some hot floor debate.

The controversial resolution called on the association to reaffirm its stand of previous years in favor of a federal income tax credit for payment of tuition and educational fees to tax-exempt accredited colleges. The credit, to be subtracted from the final tax, would be limited to 30 per cent of the tax or a maximum of \$450.

Opponents of the credit plan contend that it would not benefit the approximately 40 per cent of family heads whose income is so low that they pay little or no tax anyway. The proposal was hotly contested in the Resolutions Committee, which reported last night, and some Resolutions Committee members were expected to carry their opposition to the floor.

Other AHE resolutions included proposals for:

1. A federal program in support of university extension work in general educational subjects.
2. Federal income tax exemptions to teachers for expenses incurred in summer study and other professional improvement activities.
3. More money for the U.S. Office of Education and a greater role for the office in federal educational affairs.

## Dulles to SEATO Meet

WASHINGTON — Secretary of State Dulles leaves today for a foreign ministers' meeting of the Southeast Asia Treaty Organization, in Canberra, Australia, March 11-13.

SEATO was set up in 1954 to work for continuous self-help and mutual aid for the protection of the Southeast Asia area against Communist subversion and attack.

Christian A. Herter, who was sworn in as undersecretary of state Feb. 21, will be in charge of State Department operations as acting secretary during the 10 days Dulles is away from Washington.

**OUCH!**—This hen looks proudly at her king-size egg, which weighs just under half a pound and measures four inches in diameter. Beside it is a normal egg. The hen is owned by Blonnie Collier, of Miami, Fla.

## Ash Wednesday Ushers In Lenten Season; Services Mark the Day

NEW YORK — Ash Wednesday observance today ushered in the Lenten season of prayer, fasting, abstinence and penance for Christians around the world. Special services marked the day.

Lent will run for 40 days over a span of 46 days, with the exclusion of Sundays.

The season ends with Easter Sunday on April 21.

Ash Wednesday derives its name from the use of ashes by the faithful. Generally the ashes are obtained by burning the palms blessed on the Palm Sunday of the year before.

The ceremony of distribution of ashes is practiced by Roman Catholic churches everywhere, and by some Protestant churches.

## Cattle Disrupt Town

MELBOURNE — Some jokester opened the paddock gate at the South Melbourne Abattoir last night and gave 107 cows and steers a night on the town.

The cattle wandered into homes, holding up trains for nearly an hour. Police and helpers were still rounding up the animals early today.

**YOU MAY HAVE PIN-WORMS AND NOT KNOW IT!**

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pills must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating enables the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for genuine Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

## Bridal Shower At Leiter Home

A bridal shower was given recently for Mrs. Betty Green and Miss Barbara Leiter at the home of Mr. and Mrs. Clarence Leiter, Route 2.

The room was decorated with blue and gold streamers above the gift table.

Refreshments were served to: Mr. and Mrs. Claude Leiter, Mr. and Mrs. Ira Leiter, Mr. and Mrs. Dan Green, Mrs. Grace Leiter, Mrs. Charles Leiter, Mrs. E. C. Stevens, Mr. and Mrs. Leo Leiter and family, Miss Carol McCune, Eldon Leiter, Miss Elenora Wolfel, Mr. and Mrs. Dorsey Wallenmeyer, Mr. and Mrs. Jack Fowler and family.

Invited but unable to attend were Mr. and Mrs. Don Leiter, Charles Leiter, Mr. and Mrs. Gordon Leiter, Mr. and Mrs. Ed Schmidt, Duane Leiter, Mrs. Elsie Bohon, Mrs. Edna Leiter, Mr. and Mrs. Armond Vallieres.

## Members Participate In WMS Lesson Study

The County Line Baptist WMU met all day Feb. 21 with Mrs. W. T. Pippin.

Mrs. Elwood Fisher, program chairman, presented the lesson, "Like a Watered Garden." The lesson was given in two parts with the seven members and six guests taking part. Mrs. Ralph Minor led in prayer and Mrs. Robert Hall gave the devotional.

During the business meeting Mrs. Gilbert Johnson led in prayer. Mrs. Fisher conducted a Bible quiz and Mrs. Milford Finley gave the closing prayer.

A contributive dinner was served at noon.

Guests were Mrs. Claude Finley Sr., Mrs. Milford Finley, Mrs. Marian Hall, Mrs. Marian Minor, Mrs. Alvin Rayl and Mrs. W. L. Gordon.

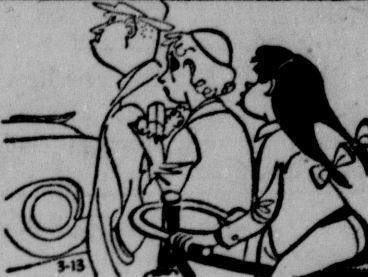

Mrs. Wallace Summerskill will be hostess on March 8.

## About Town

Mr. and Mrs. Nelson Pugh and Carol, 922 East Sixth, and Mrs. Mae Thomas, 812 East Fifth, attended the 50th wedding anniversary of Mr. and Mrs. Ira Pugh of Gillum Sunday.

The "blind-slow worm" is neither blind, nor slow, nor a worm. It is a lizard, has bright eyes and can move quickly.

## LITTLE LIZ

Not every sad-eyed woman has loved and lost. She may have got him.

## Social Calendar

### THURSDAY

Mary-Martha Circle, East Broadway Christian Church, meets at 7:30 p.m. with Mrs. Helen Whit-tington, 1625 East Sixth.

Walther League, St. Paul's Lutheran Church, meets at 7:30 p.m. for business and social meeting.

Womens Guild, Immanuel Evangelical and Reformed Church, will have regular meeting and mission study group at noon luncheon, 1 p.m.

Epworth Methodist Church WSCS meets at 2 p.m. at the church. Executive meeting at 1:30 p.m.

First Christian Church Circle No. 9, meets at 7:30 p.m. at 600½ West Broadway. Miss Wanda Singley, chairman.

Goodwill Chapel WSCS meets all day at the church. Covered dish luncheon at noon.

WCS, First Methodist Church, Executive meeting at 12:30 p.m. Social hour at 1 p.m. Program at 1:30 p.m.

Dorcas Circle, East Broadway Christian Church, will have an all-day meeting at the church.

Night Circle of the Trinity Lutheran Church meets with Mrs. Robert Hartley, 2100 South Vermont, at 8 p.m.

### FRIDAY

Past Noble Grands meet all day with Mrs. J. R. Ramey, 1704 South Prospect.

Sedalia Council of Church Women will have prayer vigil at First Methodist Church, Fourth and Osage from 9 a.m. to 7 p.m. World Day of Prayer Service 7:30 p.m. at Broadway Presbyterian Church, Broadway and Kentucky.

## Social Events

Mrs. Delores White, Society Editor

## Mrs. Uptergrove Is Honored With Shower

Mrs. L. H. Fain and Mrs. Dan Daulton entertained with a pink and blue shower for Mrs. James Uptergrove at the Fain home in Versailles Tuesday evening. There were 23 invited guests.

Mrs. Uptergrove received many nice gifts. She was assisted in opening the gifts by Mrs. Arley Cox.

Refreshments were served by the hostess.

## Women's Club Has Large Attendance

The Houstonia Woman's Club met Thursday afternoon with Mrs. Walter Fricke. There were 23 members present. The club opened with the Lord's Prayer. After the business meeting Mrs. J. E. Hand had charge of the program. Mrs. James Eads sang a solo, "He."

Miss Opal O'Brian, Sedalia, made a talk on conserving energy. Mrs. Wallace Smiley gave a piano number.

The hostess served refreshments.

## Double Celebration At Wm. Ripley Home

The family of Mr. and Mrs. George A. Cook arranged a surprise dinner and party March 3 to celebrate their 25th wedding anniversary and the birthday of their granddaughter, Cheryl Ripley, at the home of Mr. and Mrs. William Ripley, Smithtown.

Mr. and Mrs. Cook were presented with a decorated cake and a "moneytree".

Those attending were: Mr. and Mrs. R. D. Montgomery, Mr. and Mrs. Ivan Montgomery, Mark, Mickey, and David, Sedalia, Mr. and Mrs. Ralph Montgomery and Dale, Mr. and Mrs. F. A. Schutte, George, Betty and Nancy, Berton Cook, Debra Cook and Cheryl Ripley, Mr. and Mrs. Cook, Mr. and Mrs. Olen Hoehns, Mr. and Mrs. Harry Hibdon, Miss Linda Harling and Clifford Hoehns, Kansas City.

Never Too Late GREENVILLE, S.C. (AP) — Mrs. Demetra Christophilli of Greece has arrived at her son's home here to begin "a new life" in America. She is 100.

## Beauty That Endures KENSINGTON . . . made for gracious living and carefree entertaining

A KENSINGTON piece is made from an entirely new metal — it has characteristics that are absolutely unique and permanent. There is no plating — the metal is the same throughout. The soft lustre of Kensington's surface is inherent in the metal itself. It will not tarnish from exposure, and it resists staining from foods, beverages, or tobacco

ashes. It is easier to keep than silver, yet looks like silver. Kensington retains its gorgeous lustre without the need of polishing. Simply clean with mild soap and water. Kensington comes in a variety of serving pieces.

## Phi Phi Chapter Has First Pledge Party

Phi Phi Chapter of Beta Sigma Phi held its first pledge party at the home of Mrs. Fred Doty, 2507 West Eleventh.

Guests were Mrs. Romona Swihart, Mrs. Bill Cline, Mrs. Larry Gloth and John Strine, guest speaker.

The evening program began with John Strine crowning Mrs. Larry Englund Valentine Queen. Red and white carnations adorned with silver heart outlines formed the tiered crown. Mrs. Englund also received a gift.

The speaker's table was centered with a bouquet of red and white sweetpeas. Several heart-shaped candles were placed in the room.

John Strine, hair stylist, gave a very interesting talk on modern hair styling and make up.

Miss Virginia Buso spoke on the history of Beta Sigma Phi.

Refreshments were served and games were played with prizes going to Mrs. Swihart and Mrs. Gloth.

## Wayne and Maureen Star in New Film

John Wayne and Maureen O'Hara play the Navy Couple of "The Wings of Eagles," M-G-M's spectacular drama telling the story of Frank (Spig) Wear, one of the Navy's great modern heroes. Dan Dailey co-stars in the picture, directed by four-time Academy winner John Ford, which starts Sunday at the Uptown Theatre for three days.

## Service Guild Has Impressive Mission Program

The Service Guild of the Federated Congregational-Presbyterian Church met at the church Thursday, Feb. 28, with a 1 o'clock luncheon, at which there were 42 members and five guests present.

Guests were Mrs. Chloe Wilson, Mrs. Earl Jackson, Mrs. Morgan, Miss Nettie R. Lamm and Miss Harriett Gold.

The tables were very attractive with not only candles and flowers but the oriental theme was emphasized by the use of figurines, miniature fans and parasols.

A luncheon was served by the hostesses: Mrs. Charles Hanning, Mrs. Oscar Leslie, Mrs. Ida Hoffman, Mrs. E. T. Carpenter, Mrs. Myrtle Moore, Mrs. Hazel Stoffel and Mrs. L. G. Berry.

A free will offering which amounted to \$16 was taken for Delmo, the Friendly Service project for February.

Four new members were welcomed.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., March 6, 1957 3

comed: Mrs. Mabel Oliver, Mrs. Raymond Banks, Mrs. Charles Robertson, and Mrs. H. H. Lindgren.

During the business meeting conducted by the president, Mrs. W. C. Housel, reports were given by various officers and committees.

A very impressive devotional was given by Mrs. Leonard Reifel and Mrs. Hazel Stoffel. Mrs. Reifel used a lighted lighthouse to symbolize the "Word of God," as a light to guide through life and to challenge the cooperation of members to work for the Guild. Mrs. Stoffel gave the scripture comments and prayer.

Miss Nettie R. Lamm gave a very beautiful and effective tribute to Mrs. Anna Harlin, a guild member who died Feb. 3.

Mrs. A. A. Ferguson, chairman of the Christian Education of Missions in charge of the program for the day, presented Mrs. E. W. Holman, Mrs. L. W. Raabe, Mrs. Heston Green and Mrs. Margaret

Grant, who gave interesting information on "The Church in Southeast Asia."

Puzzlemats depicting the dependence of this country on the area of Southeast Asia for various drugs, fine woods, fruits, manila hemp, spices, rice, sugar, tin, nickel, copper, tungsten, tea, diamonds, rubies, sapphires, jade, mercury and rubber also added variety to a very profitable program which closed with all joining in the Mispah benediction.

## Hal Boyle's Column

## Gout Is Caused By Mental Strain And Is Inherited

By HAL BOYLE  
NEW YORK (AP)—If there is anything the average American knows less about than sex, it is probably gout, a less widespread but even more troublesome affliction.

Gout partitions mankind into two distinct groups—those who laugh at gout, and those who have had gout.

A five-day siege in bed with my fourth attack of gout in 10 years has taught me who my true friends were. They were the visitors to my pallet of pain who listened respectfully to my tale of woe, and refrained from laughter until they had left.

The false friends were those who leered, "Been living too high, eh?" and who then laughed in my face when I replied with dignity, "No, the Suez Canal is chiefly responsible for my gout."

Maybe you think it's funny, too, for a man to blame his gout on the Suez canal? Well, unbutton your ears and listen to few facts you probably never knew about gout:

1. Gout, like baldness, is a highly masculine affliction.

2. Gout is rarely mortal. It gives you an overwhelming feeling of being mortal. The pain is roughly comparable to the sensation you might have if somehow a hibernating porcupine inside your foot suddenly awoke and tried to break out, pushing a thousand needles into your crying flesh.

3. Gout is like wealth. Most of those who have it inherited it, and therefore deserve neither credit nor blame.

4. Gout is as old as mankind, and didn't follow the invention of port wine.

5. Gout is a form of rheumatism or arthritis, and a mouse, a horse or an elephant can get it, as well as an English lord—or you.

6. Gout specifically is an inflammation caused by an excess deposit of uric acid in a joint, resulting from an inborn defect in the metabolism of purines and a deficiency in steroid hormones.

7. Gout is not, as the ignorant

assume, confined to the big toe. It can hit you in almost any joint, including a night club. I used to be a ball-of-the-foot gout man. At the moment I'm an ankle gout man.

8. Gout above the neckline is unknown, so far as I can find. Unfortunately for those who would prefer a quieter world, gout does not seem to attack the jawbone.

It can be precipitated by a surgical operation or injury, by undue physical or mental exertion, by a change in the weather, by certain drugs, or by an emotional shock—such as receiving unexpected praise from your wife, an unlooked-for pay hike from your boss, or a summons to explain your 1953 income tax return.

Now about my own gout attack, and why I hold the Suez Canal to blame.

For weeks, purely in the public interest, I had been cudgeling my brains over the Suez Canal crisis, hoping to find a way to let Ben-Gurion and Nasser in their mutual efforts toward peace—and thus give John Foster Dulles a breather between this crisis and the next one.

Well, sir—unaccustomed as I am to public thinking—the mental strain, helped along by two days of rainy weather, caused my purines and steroid hormones to back up—and down I came with the gout.

Now that the clouds are clearing over the Suez crisis, my purines are floating like soap bubbles and my steroid hormones are again humming like larks in all my arterial highways.

Gout, the curse of all us abstemious, high-thinking intellectuals, has fled my foot.

Don't laugh. Think. Tomorrow you may wake up with the porcupine in your own foot.

## Says Gas Supply In Britain Now Surpasses Need

LONDON (AP)—The Financial Times said today that gasoline supplies in Britain are now so high extra storage tanks had to be found.

The newspaper said its survey showed that gasoline is coming into the country at over 90 per cent of the normal pre-Suez rate but that the tightly rationed supplies are being used up at only 60 to 65 per cent of normal.

The newspaper said that even if everyone used all his ration coupons, the rate of consumption would not exceed 75 per cent, but the government is "unwilling to contemplate rationing until the normal flow of oil is restored."

"But the present rate of accumulation of stocks is nevertheless becoming an embarrassment," the Financial Times said.

Officials of the Organization of European Economic Cooperation said in Paris that 95 per cent of Europe's normal oil needs would be available for the next three months even if the Suez Canal and the pipeline through Syria were not reopened.

Leaders of the OEEC's oil committee credited the United States for the fact that supplies have run to 85 per cent of normal requirements, instead of the 75 per cent they had anticipated.

## Hen Lays Green Eggs

NEW ALBANY, Ind. (AP)—A little red hen is turning out Easter eggs ahead of time. They're green.

The pullet, purchased last July by John Hubbuch, has been laying pastel green eggs since the first of January. The insides are like any other egg.

Hubbuch can't explain it. He feeds the hen the same feed he gives his 16 other fowls. But still she comes up with green eggs.

## Former GOP Chairman May Be By-passed

WASHINGTON (AP)—The Eisenhower administration has come up with no job for Leonard W. Hall and congressional friends fear the former GOP national chairman may be bypassed.

Hall, back from a Florida vacation, has told friends he hasn't been approached about any appointment such as that he generally was expected to get when he resigned his chairmanship in January.

At that time, President Eisenhower expressed the hope Hall's "wisdom and long experience... will continue to be available, not only to the party but to the nation in the years ahead."

As an indication of how they feel about Hall, Republican leaders of the Senate and House have arranged to give him a cocktail party in the Senate Office Building tomorrow. They have invited all Republican members of Congress.

Hall's friends believe he wants to run for governor of New York next year and would like to have a presidential appointment for a few months that would keep him in the limelight.

There is evidence that Hall hoped for a Cabinet appointment, but none has opened up. He apparently does not want to head any government commission but would prefer to keep close contact with Eisenhower.

## Cancel Piano Concert

COPENHAGEN (AP)—The Danish state radio is canceling a broadcast by Hungarian pianist Annie Fischer, criticized by local papers because she had not taken a stand for the Hungarian rebels against communism.

## Britain to Triple Atomic Power Program With 16 Stations

LONDON (AP)—Britain plans to triple its atomic power program by building 16 more nuclear stations.

Lord Mills, minister of power, told the House of Lords the government hopes to have 19 stations in operation along the coasts by 1965. He said such a program would provide about one fourth of the electricity the nation needs.

Three nuclear stations were ordered when the atomic energy program was set up by the government in 1955. One already is supplying electricity.

The power minister estimated the cost over the nine-year period at about 1,460,000,000 pounds (\$4,088,000,000). He said the big increase was decided upon because of the greatly expanding demand for power and the financial burden of buying fuel abroad.

## Minor Changes Seen In Nation's Weather; Warmer In the West

By THE ASSOCIATED PRESS

The nation's weather showed only minor changes today, mostly fair and warmer in the Northeast and Far Southwest, snow in the Rockies and rain in Southern and Western areas.

Warming occurred in most areas east of the Mississippi River while the biggest cooling was reported in eastern sections of Wyoming. Cold air over the northern Rockies moved southward and temperatures were under 20 degrees, some 15 to 25 degrees lower than 24 hours earlier.

Heavy snow fell in parts of Montana, Colorado and Wyoming. From 1 to 6 inches of fresh snow covered most areas with 7 inches in Leadville, Colo.

Showers spread during the night northeastward from the lower Mississippi Valley into the Ohio Valley as a low-pressure area moved through the Gulf states.

Says Oil Lift
Has Operated
Under Control

WASHINGTON (AP)—The chairman of a committee of 15 major oil companies which worked out the European emergency oil lift says the program has operated "under the complete direction and control of the government."

Stewart P. Coleman, a vice president of the Standard Oil Co. of New Jersey, made this comment in testimony prepared for the Joint Senate Antitrust and Public Lands subcommittee headed by Sen. O'Mahoney (D-Wyo).

The Wyoming lawmaker and other members of Congress have been sharply critical of antitrust immunity given to the oil industry group.

In his prepared testimony, Coleman said the oil committee had "done a fine job" in helping "stave off catastrophe" for Western Europe.

He says secret plans were worked out prior to blockade of the Suez Canal and Middle East pipelines last fall, and the program went into operation early in December.

Since then, he said, Western Europe has received about 83 per cent of its normal oil requirements, although the Suez crisis shut off supplies of about two million barrels a day.

Coleman said this country and other Western Hemisphere supplies had provided nearly a million barrels of oil daily for Europe, about a third of its needs.

He said the entire operation was set up at the request of top administration officials and that they, not the major oil companies, asked the antitrust immunity to permit pooling of scarce tankers, supplies and other facilities.

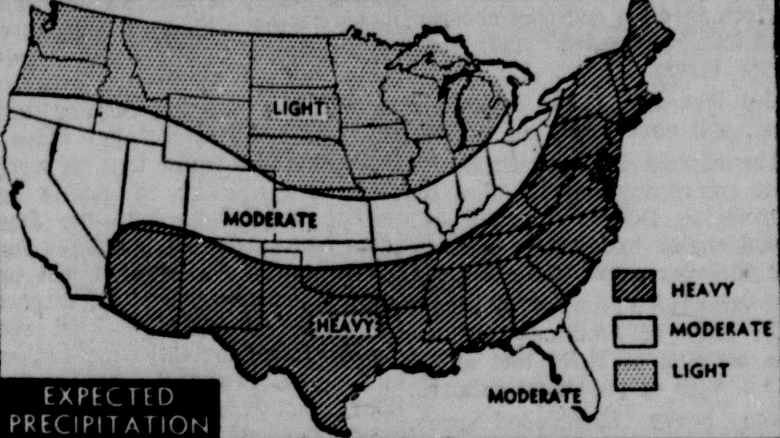

Says Trunk Is Stolen
TUCSON, Ariz. (AP)—It wasn't a baggage mixup, police say, but probably a clever theft that caused the disappearance of trunk full of jewels from the downtown railroad terminal.

The 186-pound trunk was reported missing Monday by Raymond J. Cannon, a 62-year-old Los Angeles salesman who estimated the wholesale value of his samples at \$40,000 or \$50,000.

Spring Will Be a While Yet

Maps below show the U.S. Weather Bureau's long-range estimate of the nation's weather outlook from now until April. It is not a specific forecast in the usual meteorological sense, but a prediction based on the best indications now available.

The East Coast through the Gulf and southwestern states are in for plenty of rain and snow with moderate to light precipitation throughout the rest of the nation. However, it looks good for Florida vacationers where raindrops shouldn't be too bothersome.

Folks in the eastern half of the nation and the Midwest, especially in the Great Lakes region, will have to bundle up to ward off late-winter cold. Temperatures will be below normal over this entire area except for the New England states where normal and above-normal thermometer readings are expected.

Mute Keeps His Garden

PHILADELPHIA (AP)—The auctioneer's gavel went down the last time yesterday on a tiny lot being sold for back taxes, and with the sale went the flower garden of David Badger, a 60-year-old blind deaf mute.

learned of the blind man who six years ago turned the vacant, rubble-strewn lot into a flower garden. Prager handed the lot over to the blind man's friends whom he had just outbid.

Or so it seemed for a moment. Then realtor Benjamin Prager Jr.

Much-Decorated and Admired

Man Charged With Violation Of Security Said Brilliant

HUNTSVILLE, Ala. (AP)—Tall, erect Col. John Nickerson, whose court-martial within the next few weeks may become one of America's most famous trials, is described by his associates as one of the most brilliant men in the missile field.

Nickerson is a much-decorated career soldier of 41, a graduate of the U.S. Military Academy and a full colonel since Dec. 10, 1954, when he was still in his late 30s.

He looks every inch the professional soldier. A native of Paris, Ky., he served 19 months in Europe during World War II in the artillery.

Moved here in January of last year, the Nickersons live in a big eight-room house, built in 1817, with their four children.

Mrs. Nickerson is the former Carolyn Strauss of Winston-Salem, N.C. The children are Jean, 14, and Charles, 13, both in high school here, and Danny, 5, and R. H., 2.

Mrs. Nickerson is a highly vocal supporter of her husband. She believes her husband will be tried for saying out loud what

many of his associates feel and believe concerning the whole missile program.

Nickerson's court-martial probably will begin early in April.

Robert K. Bell, Nickerson's attorney, called the charges against the young colonel "absolutely ridiculous and absurd."

Nickerson has been restricted to the post since charges were filed against him two months ago.

Mrs. Nickerson is convinced her husband "has done nothing to violate security."

"Why, he has been dealing with security matters nearly all his life," she says.

Bell adds that "when the facts become known, Col. Nickerson will appear in an entirely different light."

Specifications filed by the 3rd Army name two others in connection with the charges against Nickerson. They are Walter Wiesman, a civilian employee, and Lt. Col. Lee B. James.

They were named as being used by Nickerson to transmit various missile documents. No charges have been filed against them.

Used Wrong Target

BOSTON (AP)—Mrs. Grace Gordon was granted a divorce from her patrolman husband after he testified in court he played Russian roulette—with her head as the target.

She testified her husband, Charles, pointed his service revolver at her one morning "and I told him that's how accidents could happen."

"He laughed at me," she testified.

NOV.—ST. JOSEPH ASPIRIN PROVED 3 TIMES FASTER In Disintegrating Action Than Other Leading Brands Tested

Thousands have seen Plymouth's challenging COMPARE "ALL 3" SHOWDOWN You, too, can see documented proof that Plymouth is 3 YEARS AHEAD OF THE "OTHER TWO"!

JUST A FEW OF THE FACTS YOU'LL LEARN AT YOUR PLYMOUTH DEALER'S! Performance, Comfort, Safety, Styling. It's making automotive history all over America—the first time you've ever been able to compare the facts on all 3 low-price cars in one dealer's showroom! No smooth talk... no gimmicks. You get the facts—and you get 'em without any slanting or distortion. It's the kind of comparison that only Plymouth could dare to make—because Plymouth alone of "the 3" could possibly stand up under it. But we want you to be the judge. Come to your Plymouth dealer's today. He's letting the facts do the talking! When you drive a Plymouth you're 3 full years ahead!

Don't miss Plymouth's two great TV programs: Lawrence Welk's "Top Tunes and New Talent" and "The Ray Anthony Show." See TV section for time and station.

## Lobbyists' Bill Appears Locked In Committee

JEFFERSON CITY (U)—A bill to require legislative lobbyists to register with the secretary of state and report their expenses appeared to be securely locked in the Senate Judiciary Committee today.

Sen. Vincent E. Baker (R) of Kansas City told the committee yesterday the Legislature and the public have a right to know who the lobbyists are and where they get their money.

Congress and many states have such laws. Similar bills have been introduced regularly in Missouri but never have passed.

This time, after yesterday's hearing, several senators said they thought the bill had little chance.

Several interested lobbyists attended the hearing but the only one to speak on the bill was a representative of the Christian Science Church. He asked that anyone appearing in behalf of his religious views be exempt from registration.

The Senate Agriculture Committee also deferred action on a bill to permit watershed conservation districts to be set up within organized soil conservation districts.

## Nixon Presents Technical Books To New Nation

ACCRA, Ghana (U)—U. S. Vice President Nixon presented a 2,000-volume technical library to the newly independent government of Ghana today as a symbol of American desire to assist the West African nation.

Nearing the end of a four-day goodwill visit, Nixon offered the library, valued at between \$15,000 and \$20,000, to Prime Minister Kwame Nkrumah in an Independence Day ceremony.

Thousands of rejoicing Ghanians still milled in the capital's streets after all-night celebrations. Most of the 72 foreign delegations showed independence gifts on the tiny country which now is an independent nation within the British Commonwealth.

Nixon, who leaves tomorrow for Liberia to continue his eight-nation African tour, also presented Nkrumah with an etched Steuben glass vase depicting the four freedoms of the press, assembly, religion and speech.

## St. Paul's Lutheran Holds Lenten Services Wednesday Evenings

Mid-week Lenten services are being conducted at St. Paul's Lutheran Church each Wednesday evening for the next six weeks. Because of the growing attendance at these services in recent years, the congregation this year will conduct two services each Wednesday at 6:30 and 8 p.m.

The Rev. Walter F. Strickert, pastor of the church, has announced that his general theme at these Lenten services will be "The Price of Redemption." The topic this Wednesday evening will be "The Price of Humility."

## OBITUARIES

**Mrs. Mabel Evans Cardwell**  
Mrs. Mabel Evans Cardwell, widow of Thomas C. Cardwell and who was among the last few survivors of the tragic Iroquois Theatre fire in Chicago, Dec. 30, 1903, that took the lives of 602 persons, died at 6:55 a.m. Wednesday at the home of Mr. and Mrs. Oscar Sims, 519 West Fifth, where she resided. Mrs. Cardwell had made her home with them several years.

In the theatre fire she was among those escaping alive but suffered burns, while her mother was fatally burned, dying after that holocaust.

Mrs. Cardwell was born in Illinois, daughter of the late John C. and Margaret Devine Evans, and spent her younger years in Illinois and worked for a considerable time as a stenographer in Chicago. After the tragic blaze she came to Sedalia to reside with an aunt, the late Mrs. A. C. Johnson, 410 West Seventh. In 1920 she was married to Thomas C. Cardwell who died Feb. 28, 1952.

Surviving are a cousin, Mrs. V. T. Jones, and a second cousin, Mrs. Bernard Jones, both of Evansville, Ill.

The body was taken to the Gillespie Funeral Home where funeral services will be at 2 p.m. Friday, the Rev. E. L. Hobbs, pastor of the First Methodist Church, to officiate.

Burial will be in Crown Hill Cemetery. Friends will visit at the Gillespie Funeral Home between 7:30 and 9 p.m. Thursday.

**Mrs. Minnie May Carr**  
Mrs. Minnie May Carr, 87, died Monday at the home of a daughter, Mrs. Salmon Moore, in Versailles. She had made her home with her the past several years.

She was born May 1, 1869, daughter of Levi and Mary Minton Evans, near Chilhowee.

On Oct. 28, 1896, she was married to Will R. Carr, who preceded her in death Dec. 5, 1948. They lived in Chilhowee until Mr. Carr's death, after which Mrs. Carr moved to Versailles.

She was a member of the Providence Baptist Church at Chilhowee early in life, and later joined the Chilhowee Christian Church. Besides her daughter, Mrs. Carr is survived by a number of nieces and nephews.

Funeral services were held at 3 p.m. Tuesday at the Kidwell Funeral Home in Versailles, with the Rev. O. L. Thompson officiating, and at 2 p.m. Wednesday at the Community Methodist Church in Chilhowee, when the Rev. Ava Pitchford officiated.

Burial was in the Chilhowee Cemetery. The body was at the Kidwell Funeral Home until time for the Wednesday services.

**Pearl Lee Poling Rites**  
Funeral services for Pearl Lee Poling, 68, who died at noon Tuesday at the home of a son, Claude Poling, in California, will be at 2 p.m. Thursday at the Cannedy-Robb Funeral Home, Holden, with burial there.

Mr. Poling was a son of Mr. and Mrs. Andrew Jackson Poling and was born Jan. 26, 1889, at Emporia, Kan., and was married to Gladys Martin in 1917. She died in May, 1945.

He is survived by a son, Claude, California, and three sisters, Mrs. E. W. Endley, Mrs. Rose Walker and Mrs. Arthur Hiatt, all of Emporia, Kan. One son preceded him in death.

The body was at the Bowlin Funeral Home, California.

**Mrs. Lena B. Williams Rites**  
Funeral services for Mrs. Lena B. Williams, wife of James Williams, who died at the home of her daughter, Mrs. Irvin Cramer in Brookfield, Mo., Saturday, were held at the Neumeyer Funeral Home, Smithton, at 2 p.m. Tuesday. The Rev. William R. Butts, assisted by the Rev. E. L. Rathert, officiated.

Music was by Mrs. Olen Mon-

**Soothsayer**

## Bribe Charge Witness Hit With Acid

CONROE, Tex. (U)—An unidentified assailant last night splashed acid in the face of a prominent chiropractor who testified in an investigation of a bribe charge against State Rep. James E. Cox of Conroe.

Dr. E. E. McMeans Jr., his left eye patched, said he had no idea who tossed the bottle of acid at him. He said he knew of no direct connection it could have with the Cox case. But Cox said he thought it was connected with the investigation of the bribe charges.

Texas Ranger Johnnie Klevenhagen, assigned to the case, said, "If the acid had hit him in the face full force, he would not have had much face left. He got only the splatter."

McMeans' left eye was practically closed when he lifted the patch for newsmen. The lower eyelid was a bluish color. He said there was a "little pain."

McMeans said he was leaving his clinic when the buzzer on the back door sounded. He said when he opened the door, someone threw a jar of liquid at him.

"... It felt like fire hitting me," he said. "I ran into the flower shop next door. They have a sink with a faucet high in the air. I turned the faucet on full force. I believe that is what saved me from permanent injury."

Klevenhagen said florist Floyd Steward, 46, told him when McMeans ran in his shop, acid was still bubbling on his face.

McMeans, a Boy Scout leader and church deacon in this southeast Texas town, said he could see "some" through the damaged eye, "but it is very blurred."

"It may be the effects of the medication," however, he said. In Austin, Col. Homer Garrison Jr., director of the State Department of Public Safety, said a preliminary report from Klevenhagen said the acid apparently was thrown from a fruit jar which smashed against a wall and spilled part of its contents in Dr. McMeans' face.

Conroe Chief of Police Eddie Stephan said a pharmacist identified the liquid as muriatic acid, the commercial name for hydrochloric acid.

## Returns Show Close Contest In Irish Voting

DUBLIN, Ireland (U)—First returns today in the Irish general election indicated a neck and neck race between supporters of Eamon De Valera and John A. Costello.

A West Donegal district sent the same two men back to the Irish Parliament.

P. O'Donnell, minister for local government in the Costello government, collected 6,206 votes. J. Brennan, a follower of the American-born De Valera and a Fianna Fail party stalwart, trailed by 151 votes.

The two men held their seats with about the same margin as in the last general election in 1954. Three years ago the 74-year-old De Valera fell short of gaining a majority in the 147-member Dail. He needs to pick up seats to again become prime minister.

He has turned thumbs down to the idea of forming any coalition with other parties. The coalition administration of the 65-year-old Costello, of the Fine Gael party, collapsed last month and he dissolved Parliament. One man out of every 10 is on the dole and the coalition broke down over unemployment policy.

sees and Mrs. Sheldon Smith, who sang "Take Time to Be Holy" and "Garden of Prayer," with Miss Laura Kruse as accompanist. Pallbearers were Cloyd Merk, Paul Selken, Claude Page, William Green, James K. Lacey and John F. Bluhm.

Burial was in Smithton Cemetery.

**Richard M. Whiting Services**  
Funeral services for Richard M. Whiting, who died Sunday at his home on Route 1, were held at 2 p.m. Wednesday at the Gillespie Funeral Home, the Rev. Charles W. Halbrook, pastor of the New Hope Baptist Church, officiating.

Russell Maag sang "Beyond the Sunset" and "In the Garden," with Mrs. Del Heckart at the organ.

Among survivors is a half-brother, Nels A. Just, Sonora, Calif.; a brother, J. Edward Whiting, North Platte, Neb., is deceased.

Burial was in Memorial Park Cemetery. The Brazilian Island of Trinidad about 750 miles east of the Brazilian coast, is still uninhabited. It was once claimed by the British but they withdrew their claims when the Brazilian Government objected.

**WOODLAND** — Dismissed: Miss Linda June Clark, daughter of Mr. and Mrs. Leon Clark, 820 West Seventh; Miss Rene Rodibaugh, Knob Noster Trailer Park.

### In Other Hospitals

Franklin Bolin, California, underwent major surgery Saturday morning at Charles E. Still Hospital, Jefferson City.

### Fires

The fire companies at 11:02 p.m. Tuesday were called to the Veterans Administration office on South Lamine, where an awning caught fire. Damage of about \$25 resulted.

### Magistrate Court

Hershel McCant, WAFB, was fined \$25 and costs on a charge of passing on a hill. McCant pleaded innocent.

Dale Eugene Street, Kansas City, was fined \$100 and costs on a charge of weaving and driving on the wrong side of the road. Testimony indicated driving while under the influence of intoxicating beverages. Street pleaded innocent.

Michael Myers, Green Ridge, was fined \$25 and costs on a charge of passing on a hill. Myers pleaded guilty.

Twenty overtime parkers forfeited \$1 cash bond and 44 others paid the 25-cent fee.

### Circuit Court

Val Pace filed a petition against Jimmie F. Pace on grounds of general indignities. H. C. Salverter represents the plaintiff.

Doris Mae Firman filed a peti-

### Police Reports

Bob Brothers, Independence, reported the loss of his brown billfold containing between \$70 and \$80 in cash and important papers, in the vicinity of the Jockey Club on South Limit.

Roy Faulkner, Norborne, reported to the police that while his car was parked at 600 South Beacon, a level and a sack full of mason's tools were stolen from his car.

George Johnson, 1620 East 10th, reported to the police the theft of a hub cap from his 1954 Chevrolet car while parked at Second and Missouri.

Rest rooms at the Eastview Tavern were found open by the police about 8 p. m. Tuesday. The them.

A north window at the Fehel Sales Co., 204 South Montgomery, Tuesday night. An employee was notified and checked it.

Rest rooms at the Phillips 66 station, Main and Lamine, were found unlocked at 10:46 p. m. on Tuesday and locked by the officers.

### Police Court

Dr. E. C. Snively, 908 South Grand, charged with parking in a safety zone, forfeited a \$2 cash bond.

L. E. Sheridan, 1025 East 25th, charged with blocking a crosswalk at Third and Hancock, forfeited a \$2 cash bond.

Wallace F. Elliott, 707 West Tenth, charged with failure to stop at a stop sign, Third and Kentucky, forfeited a \$2 cash bond.

Oris Alfred Hartnett, 27, Independence, charged with driving a car while intoxicated, pleaded guilty and was fined \$100. Charges of resisting arrest were dismissed.

Millard L. Eaton, 20, Hastings, Neb., charged with driving a car while under the influence of intoxicating beverages, was fined \$100. He pleaded guilty.

Harold Maltby, 219 West Sixth, charged with careless driving in connection with an accident at Broadway and Massachusetts, was fined \$25 by Judge Willard Morris. He pleaded guilty.

Maltby figured in a slight accident when he stopped for a stop sign and suddenly backed into a car which also stopped. Slight damage resulted.

## Airline Pilot Would Decline Another Role

MEMPHIS, Tenn. (U)—When Capt. L. T. Hansard finished his performance his audience cheered, whistled, applauded and some threw kisses.

But Hansard, 43, of Smithfield, Tex., will never want an encore.

The captain had just finished a neat emergency landing of a big four-engine DC7 whose left outboard engine had thrown a slashing propeller across the cabin top.

It occurred yesterday while the DC7, pride of American Airlines, was cruising at 14,000 feet at 335 m.p.h. with 41 passengers aboard.

The heavy four-bladed prop, "like a bolt of lightning," sliced a six-foot hole in the cabin roof, instantly opening the pressurized luxury liner to the screaming alps-stream.

Most of the passengers already had buckled their seat belts. The plane was about 30 miles east of Memphis and the air was turbulent.

The blasting wind, pouring through the roof, set off a blizzard of insulating material, feathers from ripped pillows, and loose clothing and blankets, all soft material. No one was seriously hurt.

Seven minutes later the plane was on a Memphis airport apron and Hansard, veteran of 17,000 hours in the air, was receiving the ovation.

The propeller, which weighed about 1,400 pounds, came down in a field near Fisherville, Tenn.

### Chamber Board

(Continued from page one)

legislature to allow Business-Education Day which now cannot be held in the school calendar, and it was urged by the Chamber board that those who felt that B-E Day was beneficial to them write in favor of Senate Bill 240.

House Bill 37 was also brought to the attention of the Chamber. The bill is for the purpose of raising the salary of the director of the Missouri Resources and Development. Faber told the group that there had been a number of very excellent men at the head of this division but that the great difference in the salaries paid by Missouri and other states gave the other states the advantage and these men were continually being taken away from Missouri.

Kelly Scruton, director of the aviation and military affairs division for Robert Scott Firman on grounds of general indignities. Harold Barrick represents the plaintiff.

sion asked for the approval of the chairman, Curt Weaver, was do-

board to bring to Sedalia on Saturday, May 18, a top military man in observance of Armed Forces Day. A request came for some kind of observance in Sedalia from the Whiteman Air Force Base and Scruton suggested that a banquet be held May 18 with an outstanding military man as the speaker.

A reception in his honor would also be held. The board gave its approval, requesting Scruton and his committee to complete plans.

Scruton also stated that his work had been held up on getting an airline for Sedalia until the Jaycees had succeeded in getting the headquarters here, which will be erected on a section of the airport property. He stated he did not want Jefferson City and other competing towns to learn what the local young men were doing, and such information might have leaked out if his work had continued.

Mrs. Everett White director of the civic activities division stated her committees had not been active so far but would start soon with plans for the Yard of the Month contest, to be started about April 1.

William C. Hopkins, director of public relations, told of the progress being made on the new brochures in which there would be an up-to-date map of the city and pictures, as well as information. He also said the speakers bureau would soon be completed and that there had been two requests for speakers, which would be furnished.

Paul Hunnell, director of manufactures and

## Local Church Offers Classes In Avocations

An opportunity for Sedalians to get together and do the things they like best is being offered by the Wesley Methodist Church, Broadway and Carr, and already four classes have been started. But, in addition to bringing those with similar hobbies together and classes in various things, the Wesley Methodist Church is inviting all who would like recreation in various games such as chess, checkers and many others to take advantage of the large recreational room, where they will find people who like to play the same games they do.

The second and fourth Mondays of each month there will be something to interest everybody and the spacious new church offers plenty of room to have a good time and to learn more about any particular interest.

Classes have already started in four fields. They began last Monday. These classes are photography, which is being taught by Bill Padgett, first aid, taught by Mrs. Victor McFadden, from the Pettis Chapter of the American Red Cross, sewing, taught by Mrs. Louis Fullerton and Mrs. E. R. Nagel, and the Bible, taught by the Rev. Lee F. Soxman, pastor of the church. Other classes will be added as soon as teachers have been secured for them.

The idea all began when the need was felt for such diversion for the members of the church. Calls were made to homes of members where the idea was explained and a list of classes, hobbies and recreational projects for people of all ages were offered. Those interested marked on the list just what they would like, and from that the plans were started.

The church, however, did not feel that they wanted this limited to their own members; they wanted to share it with people of the community. The new building, with its many class rooms, they felt, was an ideal place to have such a program that would offer instructions in various things and wholesome recreation.

This is a way in which people may learn more about their interests or hobbies, it is a way of meeting people and getting acquainted with those who like the same things they do, it is a way for lonely people to spend a happy evening a couple of nights a month and it is an opportunity for people who are tired of too many meetings of all kinds and too much work to relax at something different, something they really enjoy.

The other classes to be started later will be published as they are organized and Rev. Soxman would be glad to have anyone interested contact him, or just drop in at the church on the second and fourth Mondays.

### Ronald Mueller Named To Navy Unit Post

Ronald E. Mueller, son of Mr. and Mrs. Herman G. Mueller, 1201 East 19th, has been appointed company clerk of his recruit company at the Great Lakes Naval Training Center.

As a recruit petty officer he will wear a miniature rating insignia as a badge of authority during the remainder of his nine weeks of "Boot Camp".

He was chosen for the position

## Declares ICC Regulations Need Changes

America's most important system of transportation, the railroads, will be unable to adequately come to the aid of the nation during a national emergency unless the Congress repeals the many antiquated and archaic regulations of the Interstate Commerce Commission, warned Al Torian, a member of the Missouri Pacific Railroad public relations staff.

Speaking before the Civic Club at Emma Monday night, Torian pointed out some of the discriminatory features of the Interstate Commerce Act as pertaining to the railroads. "The Interstate Commerce Commission should be no more than an adjudicator but instead it is more of a manager, arbitrarily deciding which forms of transportation should receive traffic regardless of the cost to the shipper," he said.

As a result, the railroads are unfairly handicapped, competing for freight traffic and this has resulted in a tremendous economic loss, both to the railroads and the nation's shippers. Pointing out that the railroads are completely unsubsidized, whereas truck lines, air lines and barge lines are maintained by government subsidies, Torian said the railroads have lost business which they would not have lost if other forms of transportation were made to pay their way.

In conclusion, he quoted a recent statement by Gen. James A. Van Fleet, former commanding general of the 8th Army in Korea. "No other form of transportation, nor all others combined, could take over the job of railroads," he called upon the assembly to become familiar with the Weeks Report, a government study now before Congress which provides a certain degree of relief for railroads.

### O'Connor Re-elected To Buick Council

Mike O'Connor, 908 West Seventh, has been re-elected to the Kansas City Zone Buick Dealers Council.

O'Connor and C. Dale Gribben, Parsons, Kan., were named to the 10-man council by Buick dealers of their district. The zone council is the initial phase of a nationwide organization chosen by Buick dealers to discuss retail aspects of the automobile business.

O'Connor is the president of Mike O'Connor Chevrolet-Buick Co., 400 South Osage.

### Youth Gets Ear Back

BUTLER, Ky. (P)—Ronald McElfresh, 17, hopes his old ear—the one he lost in a tractor accident—will be as good as new soon.

Thanks to a surgeon's skill, the ear is back on the youth's head, after being clipped off in the accident Oct. 16.

Somebody thought to take the ear along and the surgeon decided he would try to save it. He sewed the ear inside a folk in the youth's neck "to be nourished and brought back to health." Now it has been transplanted to its right place.

### Takes Goat Freedom

SANTA FE, N.M. (P)—Gov. Edwin Mechem has signed a "billy goat law," which takes from the goats freedom they have had since the days of the Spanish. The bill makes it unlawful to let goats stray at large in towns and villages.

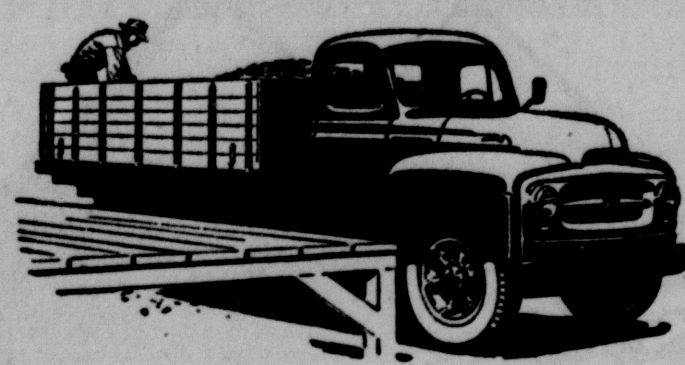

Blue Ambulance. Ph. 175. adv.

### Dies at Church Service

SAN FRANCISCO (P)—The Very Rev. Fr. Paul Kalinovich, 65, collapsed and died as he walked up the aisle of the Holy Virgin Eastern Orthodox Cathedral to commence pre-lenten services. He had been treated for a heart ailment.

Goetz Beer

## Parking Survey Underway

Currently underway in Sedalia is a survey to obtain information relating to off-street parking requirements for the downtown area.

Under the direction of Joe Feuchter, traffic engineer, and a group of locally employed interviewers, the survey started on the fringe of the business area and will be concluded in the central sections downtown. Progress was retarded last month by inclement weather.

There are really two projects embraced in the survey recently approved by the City Council after the State Supreme Court upheld constitutionality of a 1955 change in Missouri law permitting the municipalities to set up and operate off-street parking facilities, using receipts from on-street parking meters to help finance them.

One of the projects is to determine off-street parking requirements, the other to prepare a development program for parking needs. This requires taking physical inventory of curb space, interviewing of motorists, what present parking lots are in actual use, what the overall parking demand is, and where the most desirable locations may be for additional off-street parking lots. A formula of availability, usage and demand will be used to determine logical sites and whether they can be obtained, and if they cannot be obtained then secondary locations.

Purpose of interviewing motorists will be to get information from them concerning the origin of their trip down town, their destination, and whether their purpose is to shop, transact business, work, load truck, sales service or amusement. In this category Sedalians can be helpful to the surveyors and speed up their work by giving them sensible answers without resentfulness.

### The Washington Merry-Go-Round

## Does Oil Influence Near East Policy?

By DREW PEARSON

WASHINGTON — Eagle-eyed Senator Matt Neely of West Virginia spotted a point which the administration doesn't like to have spotted, while hearing the testimony of Stewart Coleman, head of the Middle East Emergency Oil Committee before the Judiciary Subcommittee.

Senator Neely accused Coleman of wearing two hats, of representing the government and at the same time representing the oil companies as a long-time executive of the Arabian-American Oil Co., now Vice President of Standard Oil of New Jersey.

Neely went further. He poked a finger into the inner financial sanctum of the Secretary of the Treasury, where most Senators fear to probe. Pointing out that Secretary Humphrey had not sold his stock in the M. A. Hanna Company, as Charlie Wilson did his General Motors stock, Neely said the Hanna Co. owns 482,256 shares of common stock of Standard of New Jersey. Value: \$26,885,722.

He also pointed out that the M. A. Hanna Co. owns 187,500 shares of Seaboard Oil. Value: \$11,671,875.

Senator Neely wanted to know if this wasn't a moral conflict of interest. He also speculated regarding the fact that President Eisenhower spent a vacation on Humphrey's luxurious Georgia plantation at the very moment when the Middle East crisis required vital decisions.

### George Allen Relaxes

Senator Neely could have gone further in probing into the possible effect of oil on American foreign policy. Here is the roll call of other personalities who might be influenced by oil:

George Allen, close friend and bridge-playing partner of the President's, also with him at the Georgia plantation. Allen has been chairman of the Yemen Oil Development Co.

Chris Herter, the new under secretary of state, is indebted to Standard of New Jersey for his wife's fortune.

John Foster Dulles' law firm represents Standard of New Jersey.

Ex-Secretary of State Acheson's law firm also represented Standard of New Jersey.

Ex-Under Secretary, Herbert Hoover, Jr. was an executive of Union Oil, which is interlocked with Gulf Oil, which gets it oil from the Gulf of Persia.

These are all honest men. But it's hard for even the most honest public official not to be influenced by subtle, economic pressures.

Oil money — largest stockholders in Standard of N. J. are the Rockefellers. The Rockefellers family contributed \$152,804 to the Republicans in the recent election. The Mellon family, which owns Gulf Oil, contributed \$100,150; The Pew

### Guest Editorial—

WARRENSBURG STAR-JOURNAL: The Truth Of Last Straws. — It has been said for many generations that bricks cannot be made without straw. Though this may no longer be true in our time, the lesson of the saying is still clear. It also has been known for some time that the last straw breaks the camel's back. This is another fragment of our accumulated folk wisdom.

There is wisdom, too, in the realization that life is a succession of last straws — or what seem like last straws at the time. They descend upon us, making the burden too great to bear, or so we think. Yet then we find that this was not really the last straw; the strength to go on comes from somewhere.

The truth is that "last straws" often turn out to be straw for strengthening the bricks that build a strong and useful life. It is something to think about the next time fate seems to be piling on the troubles too heavily.

that their rights of privacy are being invaded. Politeness in this transaction of the survey is to be encouraged.

From the survey will come a vast amount of information which the traffic engineer will analyze and consolidate into a feasibility report on both projects which is required before revenue bonds are marketable.

Sedalia's off-street parking problem has been a subject of several years study but was delayed until the court ruling cleared up the revenue bond dilemma. For a long time business men of the Chamber of Commerce have been working with City Council to formulate a program of relief.

Now that the wheels are in motion it appears Sedalia is on the way toward solution of our downtown parking problem. The cooperation of the public is needed to bring it to a happy conclusion, and one of the elements of this co-operation is patience. The job cannot be done in a month.

## Who Killed Custer?

The ghost of General George Armstrong Custer gallops again. Who killed the golden haired idol at the battle of the Little Big Horn has long been a mystery. The alleged killer, it is now revealed, confessed 25 years ago.

Sioux Chief White Bull told Stanley Vestal, an author, in 1932, that he shot Custer in a hand-to-hand combat during the famous massacre June 24, 1876. The author kept his silence until recently because he did not want any harm to come to the old chief.

The story could be true because all of Custer's 225 men were slaughtered by the thousands of Sioux Indians who attacked them and Chief White Bull might have been the one who killed the general. But whether this is really the truth will probably never be known. Custer and his famous regiment rode forth in glory from Fort Lincoln, near Bismarck, North Dakota, eighty years ago and none of them came back.

family, which owns Sun Oil, put up \$216,800. Other oil men plunged heavily for Ike. Almost no oil money went to the Democrats.

At the glamorous state dinner given by Eisenhower to King Saud, the board chairman of the major oil companies interested in the Near East were present, plus the heads of the Rockefeller Banks which back them. The guest list included: Fred Davies, chairman of Aramco; Ralph Folis, chairman of Standard of N. J.; Brewster Jennings, chairman of Socony; Augustus Long, chairman of Texaco; Monroe Rathbone, president of Standard of N. J.; Jack McCloy, chairman of the Chase Bank, and William Kleis, president of Guaranty Trust. Many of these were also GOP contributors.

Next day the presidents of the same companies were invited to dine with Secretary Dulles and King Saud. The chairmen of the boards rated a White House dinner with Ike, the Presidents a dinner with Dulles.

## Respected Judge

The retirement of Supreme Court Justice Stanley Reed removes one of the high court's most eminently qualified members.

Reed was appointed in an era when a candidate's judicial qualifications were becoming secondary in importance. Court appointments were political rewards. But he was an exception.

He did not have a background of service on the bench itself. But in his work as U.S. solicitor general and general counsel for the Reconstruction Finance Corporation, he practiced in major cases before the Supreme Court and thoroughly understood its concepts and traditions.

As a federal counselor, Reed had been a necessary advocate of New Deal measures which underwent court test. In his 19-year tenure on the high court, he moved more than once through a liberal-conservative cycle. At his retirement he was once more leaning conservative.

Reed earned high respect from his colleagues on the bench and the legal profession as a whole, despite his swings from one pole to the other.

## Coal By The Squirt

This country already has undergone several transportation revolutions, and it may be in for still another.

In eastern Ohio a 108-mile pipeline has started to carry a regular flow of coal (mixed with water and crushed to form slurry) from a strip mine directly to a retail outlet on Lake Erie's southern shore.

If this frankly experimental line works out to be practical both technically and economically, the idea may win wide adoption not only for the shipment of coal but for transport of such other raw materials as iron ore (in pellet form), crushed limestone, pulpwood and whatever else might be borne along in a liquid mixture.

On paper at least, substantial savings would seem possible from this kind of handling. The big question would appear to be whether in the long run the cost of preparing the fluid mixture of solid materials and water will prove lower than the charges that go with conventional handling and shipment by other means.

## Thought for Today—

But he knoweth the way that I take: when he hath tried me, I shall come forth as gold.—Job 23:10.

The very afflictions of our earthly pilgrimage are presages of our future glory, as shadows indicate the sun.—Richter.

### The World Today

## Congress Won't Abandon Foreign Aid

By JAMES MARLOW

WASHINGTON — It's raining ideas on what to do about foreign aid. When the rain's over, you can be sure Congress will go right on voting money for foreign aid.

Congress had voted more than 50 billion dollars in economic and military assistance to other countries since the Marshall Plan began in 1948. But this year, as in years past, the two main points are still these:

1. How much money will Congress approve?

2. Will it still vote it on a year-by-year basis only? Or will it this time change and agree to long-term commitments to permit long-range planning — like water development — among nations getting American money?

There has been growing hostility in Congress to continuing foreign aid at all. This shows it. Only seven senators voted against start of the Marshall Plan nine years ago; last year 30 senators voted against foreign aid.

And last year Congress cut a billion dollars off President Eisenhower's foreign aid request. He got \$3,800,000,000. This year he has asked for \$4,363,000,000. That will probably be trimmed too.

Already some members of Con-

gress — particularly Eisenhower's own Republicans — are talking of lopping up to seven billion dollars off his total budget request for \$71,800,000,000.

Because of the criticism of the foreign aid program — the opposition to it and the questions raised about — at least 23 separate studies of foreign aid problems have been made in this capital since last summer.

All should be finished and made public by the end of March. Not one study so far released has suggested ending foreign aid. Some suggested it be put on a long-range basis.

Those 23 studies fall into three main groups.

1. The House Foreign Affairs Committee, after months of examination, issued last December a report which said foreign aid should be continued, but cut, and that the economic part of it should be in loans, not gifts, even though some of the loans are never paid back.

The idea was that countries which had to pay back the money, or thought they would be expected to, would be more careful how they spent it.

2. Last summer the Senate voted \$293,000 for a special committee to make a study. It hired

11 research organizations to study separate problems of foreign aid and sent 10 prominent Americans to various areas receiving American help.

The reports from these groups and individuals are now being released in a steady flow.

3. Meanwhile, Eisenhower last September created a special seven-man commission of distinguished citizens — headed by steel executive Benjamin F. Fairless — to study foreign aid and report to him.

Members of this commission traveled around the earth and yesterday its report to the President was made public.

The President's commission reported: The mutual security program must be continued for "years to come." It urged more loans, fewer gifts. It suggested drastic cuts in the number of foreign aid projects, but didn't say the total amount of money for foreign aid should be reduced.

One of the Senate committee's study groups — the Center for International Studies at Massachusetts Institute of Technology — said development-assistance programs, if they are to have good results, should cover at least 5 to 10 years.

### Dr. Jordan Says

## Gout Attack Associated With Intense Pain in Feet

By Edwin P. Jordan, M. D.

Although gout is not one of our most common diseases, it is something about which nearly everyone has heard. This is perhaps because of references in so many of the Victorian novels to the English port-drinking squire suffering from an acute attack of the disease.

Be that as it may, it is an interesting and important disorder. Recently one correspondent has inquired about it in connection with her 72-year-old father who is afflicted with it, and another because her 59-year-old husband gets attacks twice a year.

It is claimed that gout is one of the most painful of all human disorders and those who have had an attack will certainly agree as do many doctors who have observed acute attacks in others.

The cause of gout is not known, although there are several curious things about it which one would expect would give a clue. It is principally a disease of men. Although much less frequent in women, the few women who do have it may develop a severe chronic stage of the disease as bad as that of men.

A typical attack is likely to start with terrific pain at the base of one of the big toes. Sometimes other joints are involved. This pain is sharp and frequently awakens the victim from a sound sleep in the middle of the night. The joint is extremely tender — so much so that even the weight of the bed clothes may be too much to bear.

Overindulgence in food often seems to bring on an attack. Many patients with gout report an unusually rich or large meal before the first attack, such as a steak dinner or a large amount of wine or other alcoholic beverage.

Gout is associated with certain foods which contain substances called purines. Liver, sweetbreads, kidney, squab and calf's tongue are rich in the amounts of purines which they contain. Other foods like sausage, beef, pork, veal and several kinds of fish also have a lot of purines and are not safe for the sufferer from gout.

By proper knowledge of diet and

sometimes by the addition of one or two drugs, it is often possible to prevent attacks of acute gout, or at least to make them come less often. Most important in the control of gout is the drug Benemid, the use of which for the past few years has enormously improved the physician's ability to manage gout successfully.

### Negro Woman Says Neighborhood Quiet After Some Violence

DETROIT — Things are "much quieter" on Detroit's Cherrylawn Street, says a Negro woman who moved into the white neighborhood five weeks ago.

Miss Ethel Watkins, a Negro seamstress, said:

"My garage was broken into last week but there haven't been any more gatherings. And I have not gotten any threatening letters recently. I'm still getting letters but people now are signing their full names and giving their addresses, so you know they're not threatening. Mostly they are asking questions."

Miss Watkins moved into the neighborhood in northwest Detroit Feb. 1. Shortly afterward she reported to police that two windows had been broken by stones and that crowds were gathering at night.

### Legislature Workers Given Instructions

SACRAMENTO, Calif. — The women and girls who are secretaries to California's legislators got their instructions today, two pages of newly printed rules. They included:

Do not go into the Assembly with your hat on.

Eliminate all confusion or unnecessary noise or levity.

Loitering in the Assembly (or elsewhere) will not be permitted.

Don't spend unnecessary time at a legislator's desk, no matter how interesting the debate.

### Who Pays For Stickers

## Small Retailers Yell For Help Over Stamp Craze

By Esther Van Wagoner Tufty  
Of Our Washington Bureau

WASHINGTON — Housewives are not complaining to the Department of Agriculture about those trading stamps she gets when shopping because she likes the prizes, but certain small retailers and trade associations are appealing for help. The craze has half the American families pasting stamps in books.

The Department realizes small stores could be put out of business by "increased competition through the use of trading stamps by some retailers and through price-cutting and other means of sales promotion by others designed to meet the increased competition of users of trading stamps." Food supermarkets giving trading stamps increased their sales volume in the first half of 1956 by 10.2 per cent. Those not giving them had sales gain of only 6.7 per cent.

The Department is trying to discover if the stamp program increases the cost of food.

An official asks the basic question: Since food consumption is not increased, then someone must pay the cost of the stamps? The store owner? The consumer who does not redeem stamps for prizes that range from poker chips to \$50 vacuum cleaners?

Of course, if only one food store in a community offers stamps, new customers can be lured until competition develops. But the store must do enough extra business to pay the cost of purchasing and distributing the stamps. (Forty drug stores in Maryland and Virginia found the increased sales didn't justify the added cost.) The Kansas state legislature has prohibited their use. Federal Trade

Commission is worried fair trade laws are violated.

Women like the excitement of "getting something for nothing" and filling up that stamp book is fun. For young thrifty housewives on a budget it is a way to get some needed household appliance.

Right now, the Department is researching the impact of stamps on consumers and the danger that small non-stamp stores will be forced out of business.

## Thinking It Over

By Robert L. Diefenbacher, D.D.  
On this Ash Wednesday do we put on a show of repentance for guilt? Do we merely make a sign before men? Or do we bow our heads before Christ whom we have wronged? Are we truly humble for our attitudes and for our selfishness?

Could it be that we are a bit self-righteous? Today our ashes should be more than a mere symbol. They ought to be the burnt out remains of the destruction of sin within our lives. We have cherished some of these sins. We have not wanted to part with them.

Let us, today, confess even those secret sins which we have tried to hide from others and from God. Let us be truly penitent, and find real joy in God's forgiveness.

## The Christian Man

By Eugene Carson Blade, D.D.

### I. Man and His World.

"Do not be conformed to this world but be transformed by the renewal of your mind, that you may prove what is the will of God, what is good and acceptable and perfect." Romans 12:2. RSV.

Humanists say, "Adapt yourself to the world. Conform!" Christianity introduces the living God into the human equation. In Christian faith there are three factors — God, man and the world. The Christian word to man is "Be transformed. Do not be conformed to this world."

Of course, humanists are not all alike. Some are pessimistic. These see man as a victim of his will—a pawn, a puppet, a pitiable object played upon by forces too great and powerful for him to handle. These are the pessimists who keep warning of an inevitable third world war. These are the ones who remind us that death is surely coming and assert that all ideals are illusions, that all hopes are false and that to be realistic man must accept nature and human nature as they are.

Other humanists are optimistic. They are impressed with man's creative, godlike qualities and powers. They encourage men to think of themselves as captains of their souls, as artists, scientists and engineers. They challenge men to be creators. They say, "Mold the world into the shape of your heart's desires."

The mistake of both kinds of humanists is that they omit God from their calculations.

In humanistic despair the world is built up to be the Almighty, and man is warned not to resist. He is told to conform. In humanistic hope, man is told to pretend that he is God and is urged to transform the world as if he were really the Creator.

The Christian Gospel or good news is both realistic and hopeful. We are reminded that God alone is

the creator and that man is a creature. But we are also reminded that we are creatures who are made in the image of God, the Creator.

Man is not to be conformed to a wicked and sinful world. Neither can he, by himself and his virtue, transform it into his heart's desire.

Man must himself be transformed by the renewal of his mind and learn to seek from God his will and purposes for the world and for himself. Only thus can man be truly man, learn what is acceptable to God and achieve the good and the perfect.

Both kinds of humanists lead us astray because they forget God. The world is not God nor is man. Life is not tragedy nor is it a bowl of cherries. The world was made by God. It is the arena in which man can learn to live and to love. For love is the meaning of life, its aim and purpose.

### Bolt From the Blue

NORFOLK, Va. — Henry A. Nichols Sr. won a \$1,000 damage judgment in Federal Court for injuries received in an accident involving a train and a Navy Plane. Neither hit the other, but an antenna weight hanging from the plane like a spent yo-yo as it came in for a landing, smashed into the cab of the Nichols' locomotive. Nichols suffered a leg injury and sued the government for \$25,000.

Soviet Russia is buying about \$2,500,000 worth of shoes from India in 1957, a government survey from New Delhi reports.

## Agriculture Department Net Income Increases 4 Per Cent

WASHINGTON (AP) — Farm income the way the Agriculture Department figures it totaled \$11,836,000,000 last year, an increase of 4 per cent over the 1955 income of \$11,340,000,000.

### Mrs. Cook Discusses Social Etiquette

Mrs. A. B. Cook discussed social etiquette and courtesy at the Feb. 26 meeting of Dresden Home-makers. She also discussed the new Missouri garden planning and planting guide.

Mrs. J. L. Lindaman and Mrs. C. DeHaven served a dessert luncheon. Plans for serving the dinner at the Alford Lang sale were discussed.

Twelve members visited Flower's Department Store at 1 o'clock. Mrs. Virginia Flower and her staff discussed and displayed new fabrics and fashions. They told how the new materials were made and what materials were used to make them. Refreshments were served in the Tea Room.

The next meeting will be March 26 at the Community House.

There is a shipworm which causes millions of dollars worth of damage each year, says the National Geographic Society. It has a sharp shell which mines through the wooden timbers of ships.

Both sets of figures were disclosed in the department's final report today on farmers' financial returns in 1956.

The department computes farmers' net income on the basis of the amount of money farmers have left from products sold and consumed after paying production expenses. Some others, including Sen. Humphrey (D-Minn.), contend it should be figured on the basis of the net value of actual output during the year.

The department's estimate of 1956 income runs higher than the other because it included 250 million dollars worth of crops and livestock which the farmers sold last year from previous years' accumulations.

The record high net income — on the department's basis — was \$17,191,000,000 in 1947. On the

### Past Worthy Matrons Meet With Mrs. Shores

The Past Worthy Matrons Club of Versailles OES met with Mrs. Milton Shores. Mrs. Marion Gunn and Mrs. Claud Dunnaway were co-hostesses.

Mrs. J. A. Gorham conducted the business meeting. Mrs. Alpha Thixton gave the devotional. Mrs. Andrew White gave the program which included articles on Lincoln and Washington and customs and ways of entertaining young folks in Central U.S. during 1920-30.

Mrs. K. A. Goodman led in playing games. Refreshments were served.

other basis the record was \$17,695,000,000 in 1948.

Humphrey recently contended the department was trying to make farm income look better than it was for political reasons.

The total income of the farm population—including farm wages changes in inventories of crops and livestock, returns of farm operators from farming, and money received from nonfarm sources, such as investments — was reported at \$19,784,000,000.

This was an increase of about 1.3 per cent over the 1955 figure of \$19,529,000,000.

The income from all sources averaged \$889 for each man, woman and child in agriculture compared with \$881 in 1955. By

comparison, the average for the nonfarm population was reported at \$2,010 last year and \$1,935 in 1955. The department said this is the first time since 1951 that the farm population income average did not decline.

In terms of buying power, the 1956 total income of the farm population was virtually the same as the previous year. That is because prices of nonagricultural goods and services farmers buy went up more than did farm product prices.

The department said that operators of farming units got an average net income — amount left after paying production costs — of \$2,364 last year compared with \$2,336 the previous year.

## Stress Civil Defense At 4-H Club Meeting

Civil Defense was the theme of the February program arranged by Richard Jeffress for the Happy Workers 4-H Club, C. A. Repp, director of civilian defense for Cooper County, was the guest speaker, and stressed the importance of understanding civilian defense, its organization and function and each individual's work. Two films "To Live Tomorrow" and "Let's Face It" were shown.

The business meeting was opened with the pledge to the flag and 4-H pledge led by Jimmie Brownfield. Group singing was led by Jerry Willenbring. Thirty-nine members responded to the roll call "What I use most in my first aid kit." Jeanette Kempf and Andrew Stoecklein reported on the 4-H Council and Youth Fair, which

is scheduled for July 23-24. Plans were made to observe national 4-H week March 2-9. The following were appointed to arrange a window display: Lucille Rapp, Glen Korte, Jeanette Kempf, Gene Stoecklein and Jack Schweitzer.

The first garden project meeting will be held March 15. Kenneth Koonse, tractor maintenance leader, Andrew Stoecklein, livestock leader, and Mrs. Earl Hayes, clothing leader, met with their respective groups and outlined project plans.

Stephen Koonse joined the club. Mrs. Harold Vernon and Mrs. Claude Taylor served refreshments.

## Mariners Have Supper At Versailles Church

The Mariners Club of Versailles Presbyterian Church met Sunday evening at the church for a potluck dinner. The business meeting was in charge of Mr. and Mrs.

Carl Guenther. The devotional was given by Mr. and Mrs. J. C. Garrison and Mr. and Mrs. Glen Watts gave the program.

Bermuda was the site of the first foreign post of the American Legion to receive its charter at the end of World War II.

## The Road of Tangled Verbs

## Stengel Oratorical Society Meets Nightly With Press

ST. PETERSBURG, Fla., Mar. 6 (AP)—The Casey Stengel Oratorical Society meets nightly in the second floor press room of the hotel where his New York Yankees stay during spring training. The oratory is strictly Stengalese, prodded by questions he seldom bothers to answer. The monologues are punctuated with gestures.

Now he is Casey Stengel the outfielder, gliding across the carpet to catch a fly ball. Next he will be Jerry Coleman making the casual flip for a double play. Later he will imitate Lou Skizas of Kansas City at bat. Never missing a word.

Old Case loves to lead you up a twisting back road of tangled verbs and leave you stranded while he nonchalantly shifts subject and names. Usually his characters are "that fella" or "my man," switching from one to the other so quickly that his listeners never are sure who he's talking about.

Stengel was talking about the recent deal with Kansas City that prompted criticism from other clubs in the American League and talk of the A's being a farm club. "Tell me, who did I ever get from Kansas City that helped me?" he asked. "Except for Slaughter (Enos) and I gave him to them first and then had to give up Cerv (Bob) to get him back. Outside of these two pitchers (Art Ditmar and Bobby Shantz) who haven't played for me yet, what did I get from them?"

"Let me ask you something. Do you swap your horse to your best buddy just because he has four kids and you have only two?" Casey let it hang there with the implication that baseball was no charitable institution and he

## Dickson Says He Can Pitch Until He's 45

ST. PETERSBURG, Fla., Mar. 6 (AP)—Rubber-armed Murry Dickson of the St. Louis Cardinals, the National League's oldest player at 40, believes he can continue pitching in the majors "at least until I'm 45."

His roommate, Herm Wehmeier, who came to the Redbirds with Murry from Philadelphia in a trade last year, said yesterday the veteran knuckleballer is "pitching better now than when he was a young guy of 37."

Wehmeier said Phils Manager Mayo Smith called every pitch for Dickson but Cardinal Manager Fred Hutchinson has never interfered with his style or assortment and this increased his effectiveness. He has 0-3 with the phils and 13-8 with the cards.

WEST PALM BEACH, Fla., March 5 (AP)—"I'm finally starting to find the range," said Bob Cerv after blasting a batting practice homer well beyond the left field fence at Kansas City's training camp.

"I wasn't hitting the ball well before, but everything felt good today," added the big outfielder, who came to the A's in a trade with the Yankees.

Manager Lou Boudreau designated Arnold Portocarrero, Wally Burnette, Ed Monahan, Gene Host, Alex Kellner and Ben Flowers to do the pitching in the first intra-squad game today.

He also assigned George Brunet, Ken Johnson and Eddie Blake to pitch for the A's in their first Grapefruit League exhibition Saturday in Orlando against the Washington Senators.

MANHATTAN, Kan., March 6 (AP)—The Big Seven Conference basketball championship will be at stake tonight when Kansas State plays host to league-leading Kansas University.

Kansas, with a 9-1 conference record, can capture the crown by winning. Kansas State, which has won eight while losing three in league competition, must win to keep alive its chance of a tie. The Wildcats' hopes are slim, since Kansas also would have to lose its final game, with Colorado at Lawrence Saturday night.

Once again Kansas will be led by Sophomore Wilt (The Stilt) Chamberlain, but the jayhawks may have to play without the services of Gene Elston, senior forward. Elston suffered a thigh injury in a game last Saturday.

## Colorado Girl Wins America Pancake Race

LIBERAL, Kan. (AP)—An 18-year-old Colorado miss is the new All-American champion pancake racer.

Loretta L. Claunch of La Jara, Colo., won the All-American event yesterday after Liberal dropped its annual pancake race with Olney, England.

Mrs. Clara Cowan, 25, of Sedan, N. M., was second in the All-American, followed by Miss Martha Wilson, 20, of St. James, Mo.; Mrs. Alyeene Hensley of Guyton, Okla.; and Mrs. Esther Welty of Hutchinson, Kan., in that order.

Miss Claunch covered the 415-yard straight course in one minute and 6.5 seconds to win by 30 yards.

Olney won the international event to square its duel with Liberal at four victories each. Sandra Sibley, an 18-year-old factory worker, covered the distance in one minute and eight seconds to regain the title for Olney. Her time was eight seconds better than that of Mary Collingwood, 24, a high school physical education teacher.

The races in Olney and Liberal were run over similar courses, and cloudy, near freezing weather was reported at both towns.

Contestants are required to flip a pancake in the air three times and catch it in a skillet as they run.

In a co-feature last night, a tall Texas lass was named "Miss Liberal" in a beauty contest. She is 16-year-old Linda Spence of Perryton. Miss Spence is 5-9, weighs 140 pounds, and boasts measurements of 38-26-38. Nola Ruspin of Pueblo, Colo., was second in the contest, which drew 21 entrants from five states.

Top seeded Clinton routed Kemper, 83-36, and Marshall topped Smith-Cotton of Sedalia, 64-45, as play opened in the Class L regional tournament in Eldon Tuesday night.

Ten players joined in the scoring in Clinton's one-sided victory, topped by Mansfield with 19 points and Beebe with 18. For Kemper, Colt counted 15.

Clinton led 22-4 after the first quarter and 43-11 at halftime. Marshall needed a strong second half to win over Sedalia. The score was tied at 14-14 after the first quarter and Sedalia held a one point edge, 22-21 at the intermission. Marshall came back after the break with 26 points in the third period, double the Sedalia output, and turned the game into a rout with a 27-point fourth period.

Top scorers were Sherard of Marshall with 30 counters and Newman and Middleton of Sedalia with 11 each.

Jefferson City, seeded fourth in the tourney, meets El Dorado Springs in the Wednesday opener at 7:30 p.m. Third-seeded Booneville faces Eldon at 9 p.m.

Clinton ..... 22 21 26 14—83  
Kemper ..... 4 7 9 16—36  
Scoring:  
Clinton: Groff 2, Beebe 18, Laneberry 4, Davis 7, Hunter 7, Daugherty 12, White 6, Mansfield 19, White 6, Mansfield 19, Powell 3, Suse 5.

Kemper: Burlingame 4, Colt 15, Hoover 6, Langford 11.

Marshall ..... 14 7 16 27—64  
Sedalia ..... 14 8 8 15—45  
Scoring:  
Marshall: Callis 4, Shepard 30, Bueker 9, Hughes 4, Young 2, Abney 11, Farnham 2, Collins 2.

Sedalia: Mateja 2, Shepherd 8, Woodsmall 3, Spraggins 8, Newman 11, Middleton 11, Garrison 2.

U.S. Open golf champion Cary Middlecoff averaged 70.35 strokes per 18 holes for 66 rounds of tournament golf in 1956.

Ted McGrew, for years a chief scout with the Dodgers, Pirates and Red Sox, now scouts for the Milwaukee Braves.

The Milwaukee Braves led the 1956 National League race on 121 days of the 167-day season and were tied for the lead four other days.

## SPORTS

## Campanella Finds Podres Still Expert

VERO BEACH, Fla. (AP)—Roy Campanella banged his bat in the dust and watched his popout float down behind shortstop. He walked out of the batting cage, shaking his head as he announced:

"Man, he's got good motion! Doggone if it don't look like he's throwin' harder than he is."

The pitcher who set off Campy's high-pitched pitch about his change-up was Johnny Podres, the roundish six-foot southpaw hero of Brooklyn's 1955 world championship. He's back after a year with the Navy.

Podres finished his turn on the mound during batting practice, stretched into his jacket and started the long stroll back to the dressing room. "It's hot. I really worked up a sweat," he said, brushing his forehead with his arm. Then he began answering questions.

It was a slow curve that had Campy jumping. "Maybe you could call that a new pitch for me," said the 24-year-old blond.

"I'm working on a change-up off my curve. The rest is the same as before — fast ball, change-up off the fast one and a curve. Maybe my-curve is better now than it was."

How does it feel, coming back? "I feel fine. My back (a cause of much concern when he went into the Navy, due to an injury at Montreal in 1952) feels good. I don't wear a brace. They're too bulky. I may have a bit of trouble with my control, but I've never been bothered by it before."

"I don't know whether my fast ball has stuff. I haven't cut loose yet. But I feel good. I've worked every other day in batting practice. My weight is pretty good too. I'm 187. I weighed 184 in the '55 series."

## Tipton Cagers In Class M Win In First Round

Tipton came from behind in the third period and beat back a furious fourth quarter rally by Rogersville to win its first round game in the Missouri State Class M basketball finals, 49-45, at Columbia Tuesday night.

Rogersville had taken command early in the first quarter and moved to a 26-21 halftime advantage. Then, with less than three minutes remaining in the third period, Joe Hartman dropped in a 2-point shot from the corner that gave Tipton a 35-34 margin—its first since the first quarter.

Rogersville wiped out Tipton's 3-point 37-34 third quarter lead with a spectacular scoring streak by R. C. Crowe. Rogersville kept Tipton in a scoring drought while Crowe poured in four baskets to move his team to a 44-39 lead.

Then Tipton struck back with Joe Hartman and Ronnie Orscheln each hitting twice from the field to take the lead. Rogersville couldn't catch up.

Tipton hit 35.6 per cent of its shots and Rogersville 37.5.

## Wichita Fullback Signs With Rams

LOS ANGELES, March 6 (AP)—Leroy Hinman, 200-pound fullback from the University of Wichita, signed today to play for the Los Angeles Rams in the National Football League.

Hinman, a native of Eunice, N. M., has a good chance to make the Ram varsity since veteran Tank Yanger is the only fullback listed on the team roster.

## HERE'S THE INSIDE STORY of our successful SERVICE DEPARTMENT in a very few words

• Good Mechanics • Special Equipment  
• Modern Facilities • Constant Training  
• Up-To-Date Tools • Reasonable Prices

These things bring our customers back again and again. We charge for work ordered—nothing more.

## Low Burdette, Gil Coan Mean As They Say

The Associated Press  
When Low Burdette of the Milwaukee Braves and Gil Coan of the Detroit Tigers set a price on their services, man, they mean it.

Burdette, a 19-game winner for the Braves last season, has packed up his family, left camp at Bradenton, Fla., and today was vacationing with friends waiting for the club to make the next move.

Coan was even more emphatic. He has decided to ask Commissioner Ford Frick to place him on the voluntary retired list after failing to reach an agreement with the Tigers after being drafted from Minneapolis of the American Assn.

The Boston Red Sox, too, are having their troubles bringing outfielder Jim Piersall into the fold. But his case isn't quite so serious. He has reported to the Sox camp in Sarasota, Fla., and is in top shape.

"They can't starve me out," snapped Burdette, the last of the Braves' holdouts. "I don't have to worry about living expenses. I'm doing all right selling lots here."

"I had a good season last year and that's the time to strike — when the iron is hot. I'm not going to budge from the figure I want."

Said General Manager Bob Quinn cryptically: "We have exchanged ideas."

Coan, a 32-year-old outfielder who tolled for the Washington Senators for several years, said he was holding up his letter to Frick until he hears from Johnny McHale, Tiger personnel director.

"If they pay what I asked," he bristled, "I'll play. If they don't, I'm through."

Piersall reportedly is seeking a \$7,500 raise for his .293 batting average of last season.

The Chicago White Sox had good news from their holdout front. Ellis Kinder, 42, of the pitching corps agreed to a contract by phone and is heading for camp at Tampa, Fla.

## Gonzales Wins Sixth Straight Tennis Match Over Ken Rosewall

KANSAS CITY, March 6 (AP)—Pro tennis champion Pancho Gonzales once again demonstrated his superiority over Australia's Ken Rosewall last night, defeating the Aussie 6-3, 3-6, 6-3.

The victory was Gonzales sixth straight and ran his margin over Rosewall on their cross-country tour to 17-7. They play next at St. Louis Thursday night.

In a preliminary match Pancho Segura defeated Dinny Pails 8-4.

## Czech Athlete Asks Permit To Wed American

VIENNA (AP)—Olga Fikotova, one of Czechoslovakia's top women athletes, hopes to get approval from her Communist government within 24 hours for her marriage to American Olympic champion Harold Connolly.

Connolly, a Boston schoolteacher, said by telephone from Prague that the wedding prospects "naturally all depend on the official yes, but if Olga gets the green light we will do everything to speed things up."

Czech law provides that citizens of the country who want to marry foreigners must have permission from the government.

Harold and his 24-year-old sweetheart met at the Olympic Games in Australia. He is U. S. hammer throw champion and she is Czechoslovakia's leading lady discus thrower. They both returned to their homes after the Olympics, but the history teacher later made the journey to Czechoslovakia with matrimony as his objective.

Remaining berths in the basketball quarter-finals were filled by Sacred Heart, Hughesville and Cole Camp in the LaMonte Grade School invitational tournament Tuesday night, while Cole Camp's girls captured the lone volleyball contest of the evening.

Sacred Heart's boys ran roughshod over Sweet Springs in the evening's cage opener, 28-15. Res-sel spearheaded the Gremlins with ten points and Bollinger chalked up eight for Sweet Springs.

Hughesville, trailing Windsor by six points at the three-quarter mark, came charging from behind in the final period to eke-out a 31-29 win. Lading the scoring for Hughesville was Martin with 16 points, while Cooper netted eight for the Windsorites.

It was no contest for Cole Camp who completely whitewashed LaMonte in the first half, 32-0, and coasted to a 40-16 basketball triumph. Stanley of Cole Camp etched 18 points toward the victory, and Curtis and Makin accounted for six apiece for the losers.

Cole Camp's volleyballers ousted the Sacred Heart girls in a 38-14 run-away in the night's only volleyball activity. Richter starred for the Campers with 12 points, followed by McGrath who tallied five for the Gremlins.

Cage scorers by quarters:

**Samaritan**  
JULESBURG, Colo. (AP) — Good-hearted Louis Hansen may not be so good-hearted in the future. After befriending a young married couple in Denver, Hansen purchased transportation for the newlyweds and rented a hotel room for them in nearby Sterling. He left his luggage in Sterling and continued on to Julesburg. The next day he returned for his luggage. The couple was gone. So was Hansen's baggage.

**STERLING, Colo. (AP)** — Patrolman Clemens Maul knows now what notches on a BB gun mean. The youthful owner of the gun explained he had cut a notch on the gun stock for each of his victims—all sparrows.

**Family College**  
MT. PLEASANT, Mich. (AP) — Li father, like mother, like son — that's the way it is with the Porter family of Central Michigan College. Dad Oliver C. Porter of Standish graduates in February with a degree in English to help him as a public school teacher. His football player son, Oliver, graduates in June with a mathematics degree, while Mrs. Porter gets her sheepskin at the end of the summer term.

## Survey Reveals Systematic Cheating at Large Colleges

CHICAGO — A survey of American college students indicated today that "systematic cheating on examinations is the custom rather than the exception" at many large colleges.

The survey, conducted by Philip E. Jacob, social science professor at the University of Pennsylvania, was prepared for delivery to the 12th National Conference on Higher Education.

In contrast to what the report called "generally low standards in regard to academic honesty" were findings about college students' standards of sexual morality.

"Despite the boldness of college talk, dress and outward social

conduct," it said, "... in personal practice and fundamental belief students generally hold to standards which are thoroughly conventional."

Jacob cited two specific studies which he said "point up the prevailing student code of sex morality."

At the University of Chicago "an intimate discussion of moral issues with a group of freshman women showed that the girls ... were more orthodox than was attributed to them by their fellow students and that talk may be libertarian at a place like Chicago than practice."

At Cornell University, Ithaca,

N.Y., "students by and large ... attached little importance to chastity as a criterion for choosing a mate, yet few of them would justify a life of promiscuity." The majority "evidently found the canons of chastity appropriate to govern their personal lives."

Jacobs' study inquired into what influence colleges and universities have on students' social, moral and religious values.

The answer, he said, is that "for the most part" they seem to have no influence at all.

"The main over-all effect of higher education upon student values," he said, "is to bring about conformity to a body of

standards and attitudes of the college-bred man or woman of the American culture ..."

Although the "intellectual, cultural or moral climate of some institutions stands out," Jacob said, most colleges "will have to learn how to ... salvage the most essential product of a liberal education — students who know what they value and why."

Although students generally seemed to profess reasonably high values, Jacob said, "it is with regard to cheating that the chinks in the moral armor of American students are most obvious."

"The situation varies greatly

## Church to Secure Property For Parking

Sunday afternoon at a meeting of the official board of the First Christian Church it was voted to purchase the property of Fred Young at 200 East Seventh at a cost of \$15,000. The vote was not unanimous, it is stated.

The property will be utilized as a parking space for worshippers at the church.

among institutions," he added, "but the practice is so widespread as to challenge the well-nigh universal claim of students that they value honesty as a moral virtue."

"Frequent cheating is admitted by 40 per cent or more at a large number of colleges, often with no apology or sense of wrong-doing."

## Ruth Circle Decides To Make Baby Quilt

Mrs. G. D. Rayburn assisted by Mrs. Paul Ray Brownfield was hostess to the Ruth Circle Feb. 28 at her home in Green Ridge.

The circle chairman, Mrs. Glen Morrow opened the meeting by reading an article from Presbyterian Life magazine, followed by prayer.

Mrs. A. N. Baker presented an interesting Bible lesson on, "War and Peace." During the business session the members decided to make an embroidered baby quilt for the bazaar.

A quiz on mothers of the Bible was led by Mrs. Paul Ray Brownfield.

The March meeting will be held at the home of Mrs. A. N. Baker. Refreshments were enjoyed.

## About Town

Mrs. S. M. Nichols, 651 East Tenth, has returned home from Wichita, Kan., where she spent the past month with her sister, Miss Dora Cox. Miss Cox is convalescing after undergoing surgery at Wesley Hospital there.

## Mrs. Beach Is Host To Martha Circle

Mrs. L. B. Beach was hostess to the Martha Circle of Green Ridge Presbyterian Church Feb. 28 at her home in Green Ridge.

The circle chairman, Mrs. Carl Johnson, presided and opened the meeting with the 100th Psalm repeated in unison.

Refreshments were enjoyed during the social hour.

Mrs. Edna Ryan presented a

Bible lesson, "Nationalism Versus Internationalism."
